## Chou Sees Door To Formosa Talks With U.S. Almost Closed

### Pakistan Leader Says Both Sides Want Settlement

BANDUNG, Indonesia, April 25 (AP)—Prime Minister Mohammed Ali of Pakistan said Red China's Premier Chou En-lai told him today the door to direct negotiations with the United States on Formosa is almost closed, but then conceded it "is still open a slight crack."

Mohammed Ali said he told Chou the door is still open and should be opened wide. The pro-Western Pakistani leader said he believes "there is a sincere desire on both sides for a settlement" of the Formosan issue.

He had a 2 1/2-hour luncheon talk with Chou in the aftermath of the Asian-African conference and the prospect for a Washington-Peking parley was among the topics.

There was no comment by the Red Chinese on Mohammed Ali's remarks.

Another Western-minded Asian prime minister, Sir John Kotelawala of Ceylon, expressed regret over the American reaction to Chou's offer to negotiate.

"It is a pity that the United States should reply to the offer without thinking," Kotelawala told newsmen in Singapore on his flight home.

Nevertheless, the Ceylonese leader said he felt the Formosa situation has eased as a result of the conference.

Chou spurred hopes Saturday for a peaceful settlement of the Formosan question by proposing that Washington and Peking negotiate directly on the issue. Then he raised doubts as to China's intentions by telling the conference yesterday any U.S.-Chinese talks would not affect in the slightest degree the exercise by Red China of its "sovereign right in the liberation" of Formosa, Generalissimo Chiang Kai-shek's Nationalist stronghold.

The U.S. State Department has called on Peking to let Nationalist China participate in any talks on Formosa and to demonstrate its own good faith in three ways: Agree to an immediate cease-fire in Formosa Strait; release imprisoned American airmen and about 40 U.S. civilians also held in Red China; and accept a U.N. invitation to discuss ways of ending hostilities in the Formosa area.

### U. S. Apparently Rules Out Direct Talks Now

WASHINGTON, April 25 (AP)—The United States was understood today to have decided against any direct talks with Red China unless the Communists make more conciliatory gestures.

That would throw the question of a far East settlement back to the United Nations, where Red China has a standing invitation to appear in debate on the Formosa issue.

Secretary of State Dulles, back from five days at his island retreat in Lake Ontario, spent the day catching up on this and other world problems. He prepared to answer questions about it at his news conference tomorrow.

President Eisenhower conferred with Dulles for 40 minutes late today.

Dulles told reporters the meeting was devoted to "catching up together" on developments since he last saw the chief executive a week ago yesterday at Augusta, Ga.

The State Department already has laid down two prior conditions for meeting with Red China: Nationalist China would have to be at the conference as an equal participant, and there would have to be some show of Red sincerity.

## U. S. Court Rules Windfall Builder Broke Contract

NEWARK, N. J., April 25 (AP)—In a test case of alleged "windfall" housing profits, Federal Judge Thomas F. Meany ruled today that a Fort Lee development had violated its contract with the Federal Housing Administration.

The decision, termed by the U.S. attorney's office the first of its kind, makes it possible for FHA to hold a meeting of Linwood Park, Inc., stockholders and assume control by electing two out of three stockholders. FHA is sole holder of the corporation's preferred stock.

The government said the decision may affect half a billion dollars worth of postwar construction in which FHA guaranteed the bulk of the mortgages, and in which FHA says huge profits were made by the builder.

The government claims Sidney Sarnar and Ralph J. Solow, original partners in Linwood Park, Inc., invested \$13,000 in the business five years ago and made a profit of \$2,426,821 on an FHA-insured loan of \$8,875,000. The government further contends that the company paid Solow \$1,318,000 for his investment of \$6,500.

Sarnar and attorney Walter D. Van Riper said they would appeal to the U. S. Circuit Court of Appeals at Philadelphia. Such an appeal would delay FHA action in taking control of the company.

## Two Army Units To Be Flown Across Pacific

WASHINGTON, April 25 (AP)—The Air Force will fly two Army regiments across the Pacific in July, one returning from Japan and the other going to take its place, the Army announced today.

The 508th Airborne Regimental Combat Team will be flown from Ft. Campbell, Ky., to Kyushu Island, replacing the 187th Regiment which will return to Ft. Bragg, N. C.

The airlift, scheduled to begin about July 1, will involve about 3,500 men in each of the two Army units.

## Flanders Suggests Ike Seek Meeting Of World Leaders

WASHINGTON, April 25 (AP)—Sen. Flanders (R-Vt.) tonight called on President Eisenhower to sit down and talk things over with chief of state Mao Tse-tung of Red China and heads of eight other nations.

"Let us suggest that he meet unofficially the heads of the nations who have become entangled in this network of hostile posture and preparation," Flanders told veterans gathered at a dinner commemorating the 10th anniversary of the link-up of American and Soviet troops on the Elbe River in Germany during "World War II."

Flanders, in his prepared speech, urged Eisenhower to seek a gathering in one room of the

## Military Chiefs Report Soviet Army In "Combat Readiness"

WASHINGTON, April 25 (AP)—Military leaders have told Congress the mammoth Russian army is virtually on a war footing and that Red China's air force could be doubled or tripled "overnight" by the Soviets.

The reports were made to a House Appropriations subcommittee at secret sessions last February but were not made public until today.

Assessing the strength of the Russian army, Gen. Matthew B. Ridgway said it has received new atomic warfare training and is "equipped and disposed to undertake a major war with little warning."

### Most Powerful Land Force

The Army chief of staff described it as the most powerful land force in the world, "in an excellent state of combat readiness." Gen. Nathan F. Twining, Air Force chief of staff, reported on the air potential of the Red Chinese.

He told the subcommittee Communist China's "rapidly expanding system of bases... gives the Communists the ability to move in aircraft rapidly from the Soviet Union."

"We cannot ignore their capability to double or triple their air strength in the Far East overnight," Twining said.

### USAF Discharges 37 "Risks"

Another report made public showed that the U. S. Air Force has intensified its personnel security program over the last two years.

As a result, Maj. Gen. J. F. Carroll said, 260 security risk cases were filed against uniformed personnel in 1953 and 1954, and 37 officers or airmen were discharged on security grounds. Fifty-nine men were cleared during the same period, Carroll said. He is director of special investigations for the Air Force.

### Chiang Host At Dinner

The Nationalists oppose both ideas as an infringement on their sovereignty. They also see such plans as perhaps a mortal blow to their hopes of reconquering the Communist mainland.

The impression of disappointment came from Nationalists on the outer fringe who did not participate in the talks.

Chiang did not meet with his visitors yesterday during the day but was host at a dinner for them last night. The dinner evidently was a social affair.

### 1939 German Beer Fished Out Of Sea

NEW BEDFORD, Mass., April 25 (AP)—Even in this old-time textile and whaling city, where yarn spinning is nothing new, people sat up today and said, "How's that again?" when they heard the story brought in by the crew of the scalloper Sea Hawk.

They were 50 miles southeast of Point Pleasant, N. J., the crew averred, when something happened that couldn't have been pleasant: They began hauling in cans of cold beer—160 of them.

But a stranger angle of the story was to come: The beer was brewed in St. Paul's Brewery, Bremen, Germany, in 1939—ostensibly for consumption in England. How did it wind up in the ocean off New Jersey? Even the imagination of deep-sea fishermen could not explain that. Perhaps from a sunken freighter. Perhaps from a German submarine. They did fish up a corroded helmet—which could not be identified.

## Pilot And Stolen Plane Disappear After Wild Flight

LONDON, April 25 (AP)—A Royal Air Force ground crewman who never before had flown an airplane circled crazily over London tonight for hours in a plane he stole from an airfield in Hampshire.

The 17-ton, two-engine trainer finally vanished in the darkness near Lea Bridge, Essex, on the outskirts of the capital. It was believed to have crashed.

The amateur pilot was described as a 20-year-old Indian. His name was withheld. The plane he took was loaded with secret navigational equipment, the Air Ministry reported.

An RAF flight commander in a similar plane took off after the stolen craft but lost sight of it. Search parties were unable to find any wreckage and gave up until dawn.

## Constance Collier, 77, Actress-Writer, Dies

NEW YORK, April 25 (AP)—Constance Collier, 77, whose career as actress, producer, director, playwright and dramatic coach spanned more than 70 years, died today.

The British-born Miss Collier became a Shakespearean actress at the age of three as a fairy in "A Midsummer Night's Dream." She was in the movies for some 30 years. One of her later roles was that of the alcoholic aunt in "Kitty" with Ray Milland in 1946. She wrote or collaborated on a number of plays, including "The Rat" with Ivor Novello and Noel Coward.

Appearing in radio soap operas for many years, she once was voted "the most popular actress on the air."

## Governors Again Try To End Rail Strike

ATLANTA, April 25 (AP)—Governors of states affected by the Louisville & Nashville Railroad strike will meet with company and union representatives in Nashville tomorrow in a new effort to end the walkout.

Gov. Lawrence Wetherby of Kentucky, chairman of the Southern Governors Conference, called the meeting.

A similar meeting of governors last week in Nashville proved fruitless.

## Demonstration Of Tornado's Power

A tornado which ripped a 20-mile long section near Hartselle, Ala., snapped off a huge tree (foreground) like a match stick and flattened Cedar Plains Church. Four persons died as 40 homes were smashed by the third such storm to hit the area in 23 years. Unidentified boy looks at comparatively unscathed piano left in ruins.

## Administration Works To Settle Oil Import Issue

WASHINGTON, April 25 (AP)—Administration leaders tried today to compromise on the question of oil import quotas in an effort to save their reciprocal trade agreement program from crippling amendments.

Backstage discussion continued on counteroffers made at a secret conference yesterday by Sen. George (D-Ga.) and Secretary of the Treasury Humphrey. The Senate Finance Committee put off, at least until tomorrow, a showdown vote on the oil import issue.

### Proposal Involves Cutback

Under a pending proposal, imports of residual and other fuel oils would be limited to 10 per cent of domestic consumption. This would involve a material cutback from the 1954 import level.

The amendment, backed by oil and coal state senators, is regarded by the administration as the greatest threat to opening the House-approved bill to the "crippling amendments" against which President Eisenhower spoke in a New York plea for enactment of the trade program.

George was quoted by some of those present yesterday as having proposed an amendment authorizing Eisenhower to impose a quota on oil imports after consultation with the Senate Finance and House Ways and Means committees.

This proposal was backed by Sen. Lyndon B. Johnson of Texas, the Democratic leader. Chairman Byrd (D-Va.) of the Senate Finance Committee maintained a neutral attitude.

Humphrey was said to have objected that this would place on the President any onus attached to a divergence from the general policy of the program, which is aimed at lowering many tariffs a maximum of 15 per cent in the next three years.

As a counterproposal, Humphrey offered to support an amendment under which Eisenhower could recommend to Congress that it pass a bill imposing a quota on oil imports. He was backed in this proposal by Maj. Gen. Wilton B. Persons, representing the White House.

## Sears Plans 50 Million In Capital Expansion

NEW YORK, April 25 (AP)—Sears, Roebuck & Co. will spend about 50 million dollars on capital expansion this year compared with 43 million in 1954, Chairman Theodore V. Houser said today after the annual stockholders meeting.

Houser told shareholders that sales of the giant retail chain in the quarter ending April 30 will amount to approximately \$703,900,000, 10 per cent more than the \$635,842,000 in the like period last year. He estimated operating profits for the quarter will be up about 12 per cent.

## Boy, 3, 'Drives' Car Into \$150 Window

SALT LAKE CITY, April 25 (AP)—Dale Ainge, 3, asked his mother if he could take the car and get some gas.

Mrs. Ellis L. Ainge replied he was too young to drive and continued with her housework.

Minutes later came a crash. With Dale at the wheel, the car had rolled backward and smashed a \$150 plate glass store window.

## Neighbor Held In Rape Slaying Of Aged Woman

NEWPORT, R. I., April 25 (AP)—A 23-year-old neighbor, arrested on a policeman's hunch, today admitted the weekend rape slaying of 86-year-old Miss Susan B. Franklin, Newport Public Safety Director Francis L. Fitzgerald said.

Fitzgerald identified the man as Edward J. Andrews, who received a bad conduct discharge from the Army nine months ago.

Andrews was picked up for questioning early today after Inspector George Von Villas recalled the former soldier had been held over Friday night as a drunk. Andrews lives about a block from the Franklin home.

Fitzgerald summarized a statement—which he said was signed by Andrews late today—like this: "I was drunk."

Andrews, who knew Miss Franklin only by sight, went to the retired school teacher's house about 8 p.m. Saturday night. The door was not locked. He entered with the object of robbery.

Miss Franklin came down stairs. He met her in the front entryway. He grappled with her and forced her into a first floor bedroom. There he raped her, putting a pillow case over her head when she made an outcry.

Miss Franklin's body was found yesterday by a woman neighbor who was delivering the elderly woman's Sunday dinner. A medical examiner said she died of asphyxiation after a severe beating.

## Winds Force Postponement Of Survival City Atom Blast

SURVIVAL CITY, Nev., April 25 (AP)—This atomic test town received at least 24 hours of grace today when whistling winds forced postponement of tomorrow's scheduled nuclear blast.

Test officials were hopeful that the weather picture might change to allow the explosion to be set off Wednesday from a 500-foot tower near this model city on Yucca Flat in the largest civil defense test ever held.

Forecast wind speeds of 70 m.p.h. at the expected height of the atomic cloud posed a potentially serious radiation fallout problem to a number of Nevada communities.

Dr. Alvin C. Graves, chief tester for the Atomic Energy Commission, said the tricky currents

## Allied Ministers Plan Paris Talks On Big 4 Meeting

WASHINGTON, April 25 (AP)—Secretary of State Dulles will meet with the British and French foreign ministers in Paris May 8 "to discuss concrete plans" for a later Big Four conference with Russia.

"The three governments earnestly hope that a four-power conference can meet as soon as possible," the State Department said.

### Top-Level Talks May Follow

In announcing this today, the department gave no official word as to whether the Big Four meeting might be at the foreign ministers level, or higher.

However, a top official said what Dulles has in mind is a Big Four meeting of foreign ministers first, perhaps to be followed by a heads-of-state conference.

Russia's Premier Bulganin dropped a remark Saturday in Moscow that he was interested in such a high level meeting, telling newsmen to "ask Eisenhower and Eden about the date."

Deadlock Over Germany  
If the foreign ministers' meeting made a promising start in settling the East-West deadlock over Germany's future, it was said authoritatively, President Eisenhower would be prepared to meet with Bulganin, British Prime Minister Eden and the French premier.

In advance of the American-British-French meeting in Paris, the three Allies agreed to send teams of lower ranking diplomatic experts to London Wednesday to chart the steps to be followed in arranging a later meeting with the Russians.

VIENNA, Austria, April 25 (AP)—The Communist party took a licking in its own balliwick in Austria yesterday.

Returns from local council elections in the Soviet zone indicated party members are deserting in anticipation of the end of the occupation.

Chancellor Julius Raab's Conservative People's party and the Socialists—partners in the federal government coalition—won 92 per cent of the vote, almost three quarters of a million ballots and 21,206 of the 22,538 local council seats at stake.

The Communists got only 305 seats, a drop of two, but their popular vote dropped from 49,641 last year to 37,534 yesterday.

## Communists Routed In Austrian Election

WASHINGTON, April 25 (AP)—The Power Commission today rejected a joint petition by the utility regulatory bodies of Maryland, West Virginia, Virginia, and the District of Columbia that it suspend natural gas rate increases put into effect by a number of unassigned independent producers.

The commission said the four state agencies directed their petition against the producers' rates on which Tennessee Gas Transmission Co., Houston, based a proposed rates increase of about \$8.616,000 annually.

The Tennessee increase was put into effect, subject to refund last Dec. 15.

The federal commission said the states commissions claimed they did not know the identity of the producers at which they aimed their petitions and despite reasonable efforts had been unable to get that information.

It added that the producers from which Tennessee purchases gas are identified in the data filed by that company in support of its rate increase, together with the amount of each proposed increase by an independent.

The federal agency also said that the states sought suspension of rates which are already in effect and added that under law after a filed rate becomes effective it cannot be suspended.

## Gannett Weakening

ROCHESTER, N. Y., April 25 (AP)—The condition of newspaper publisher Frank Gannett took a decided turn for the worse today, his physician reported.

Dr. John R. Williams Jr. issued the statement at Highland Hospital, where Gannett was admitted April 15 after fracturing a spinal vertebra in a fall at his home.

## Cargo Vessel Would Be Sent Around World

### President Acts In Reverse Of Teddy's "Big Stick" Policy

NEW YORK, April 25 (AP)—President Eisenhower today unveiled plans for a good will world cruise by an atomic powered peace ship. His plan was a takeoff in reverse on the "big stick" policy of nearly half a century ago.

"Visiting the ports of the world," he said of his proposed atomic merchant ship, "it will demonstrate to people everywhere this peacetime use of atomic energy, harnessed for the improvement of human living."

The nation already has an atomic submarine afloat and a second in the works. However, Eisenhower chose to dramatize peace rather than might with an entirely new atomic merchant ship to carry America's message to the world.

### Reverse Of Teddy's Gesture

Thus he acted in reverse of the historic 1907 gesture by President Theodore Roosevelt, who dispatched a battleship fleet around the world to focus attention on America's fighting power.

President Eisenhower disclosed his latest atom-for-peace plan at the annual luncheon of The Associated Press at the Waldorf-Astoria Hotel.

Eisenhower took the occasion to plead for his proposed extension of the Reciprocal Trade Act, cutting tariffs 15 per cent over the next three years. He declared:

"Two-way trade, I believe, is a broad avenue by which all men and nations of good will can travel toward a golden era of peace and plenty."

### Ship Plans Being Drawn

Early in his 4,000-word text, the President sprung his idea for an atom peace ship in these words:

"We have added to the United States program for peaceful uses of atomic energy an atomic-powered merchant ship. The Atomic Energy Commission and the Maritime Administration are now developing specifications. I shall shortly submit to the Congress a request for the necessary funds, together with a description of the vessel."

"The new ship, powered with an atomic reactor, will not require refueling for scores of thousands of miles of operation. Visiting the ports of the world, it would demonstrate to people everywhere this peacetime use of atomic energy, harnessed for the improvement of human living. In part, the ship will be an atomic exhibit, carrying to all people practical knowledge of the usefulness of this new science in medicine, agriculture and power production."

## Gas Producers' Rate Hike Upheld

WASHINGTON, April 25 (AP)—The Power Commission today rejected a joint petition by the utility regulatory bodies of Maryland, West Virginia, Virginia, and the District of Columbia that it suspend natural gas rate increases put into effect by a number of unassigned independent producers.

The commission said the four state agencies directed their petition against the producers' rates on which Tennessee Gas Transmission Co., Houston, based a proposed rates increase of about \$8.616,000 annually.

The Tennessee increase was put into effect, subject to refund last Dec. 15.

The federal commission said the states commissions claimed they did not know the identity of the producers at which they aimed their petitions and despite reasonable efforts had been unable to get that information.

It added that the producers from which Tennessee purchases gas are identified in the data filed by that company in support of its rate increase, together with the amount of each proposed increase by an independent.

## Lattimore Passport Action Delayed, Attorney Charges

BALTIMORE, April 25 (AP)—Owen Lattimore's lawyer charged today that the State Department appears to be deliberately delaying action on Lattimore's application for a passport to visit England and Europe next month.

"They won't say yes and they won't say no," said attorney Thurman Arnold of Washington. He indicated a belief that certain politically motivated factions may try to have the action delayed beyond the scheduled trip dates.

In Washington, the State Department denied any intentional delay "for political or other motives." A spokesman said the department has received Lattimore's passport application and "it is still under consideration." He declined to elaborate.

The Justice Department wouldn't comment.

Lattimore, Johns Hopkins University lecturer now on leave and

an expert on Far Eastern affairs, is under a federal indictment charging him with perjury. The charge grew out of Lattimore's testimony before a Senate Internal Security subcommittee three years ago. Several of the key counts of the indictment—including those that accused him of lying when he said he never had been a promoter of Communist interests—have been thrown out by federal courts.

Lattimore has been invited to speak at Oxford, London, Birmingham and Sheffield universities in England late next month and at other European universities later in the summer.

TOWSON, April 25 (AP)—Judge Michael Paul Smith was sworn in today as a judge in the Baltimore-Harford County Third Judicial Circuit to succeed the late Judge J. Howard Murray.

## Magistrate Death Inquiry Pressed

BRUNSWICK, Md., April 25 (AP)—State Police investigating the slaying of Trial Magistrate Charles Leslie Moats said today four men held for questioning have been released.

Investigators had no new developments to report.

Magistrate Moats, 71, was found dead in the doorway to his basement workshop about 10:30 p.m. Saturday night.

Dr. Robert Furie, Frederick County medical examiner, placed the time of death about an hour before, at 9:30. He said Moats had been shot through the chest, apparently with a 12-gauge shotgun. No weapon was found immediately.

State Police quoted neighbors who saw the magistrate in his yard about 5:20 p.m. Saturday.

Police ruled out robbery as a motive for the slaying. Magistrate Moats had been on the bench five years and revenge could have been a motive, investigators said. However, he was popular among his fellow citizens.

They believe the slain man knew his assailant because there were no signs of a struggle.

## Helicopter Rescues Trio From Boy Isle

ONANCOCK, Va., April 25 (AP)—Three men were rescued by helicopter today from the barren Chesapeake Bay island they managed to reach more than 12 hours after their squall-lashed sailboat capsized.

The men aboard the boat—a Virginia veterinarian and two Navy men—finally managed to right the damaged craft and paddle it to nearby Goose Island. There a Navy helicopter rescued them in two trips today.

Picked off the island 7 miles off Onancock were Dr. J. R. Conboy, 47, of New Church, Va., Aviation Storekeeper 3.C.R. G. Hendershot, 20, of Newman, Ill. and Aviation Guided Missile Technician 1.C. R. H. Urlage, 24, of Cincinnati, O.

## Grandson Of Ike Gets Polio "Shot"

FT. LEAVENWORTH, Kan., April 25 (AP)—"Gosh, that didn't hurt at all."

Thus quipped President Eisenhower's 7-year-old grandson today after he had taken his Salk polio vaccine shot.

The boy, David Eisenhower, son of Maj. and Mrs. John Eisenhower, was one of the 380 first and second grade pupils at the public school on this Army post to get the first of the series of the shots.

## Pair Indicted In Ride Slaying

NEW YORK, April 25 (AP)—A former Baltimore police magistrate was indicted with an ex-convict today in the Feb. 15 ride slaying of Joseph Aronowitz.

The charge against the pair—Martin J. Yamin, 32, and Rosario Lococo, 44—is first degree murder, punishable by death in the electric chair in New York.

Both men pleaded innocent before Brooklyn County Judge Nathan Sobel and were held without bail. No date was set for trial.

Aronowitz was slain shortly before he was to go on trial in Baltimore as the member of a robbery gang in which Yamin was involved. The slain man reportedly was ready to testify against others in the gang.

The victim, a bullet in the back of his head, was found in his own car. It was parked on a Brooklyn street in front of a casket company.

Yamin, a former Baltimore police magistrate, allegedly had a hand in financing the killing. Lococo was accused as a go-between in the hired killing.

## M'Millan Urges East-West Talks

LONDON, April 25 (AP)—Foreign Secretary Harold MacMillan said today Britain earnestly desires an early Western meeting with Russia "at any level, whether heads of government or foreign ministers," to insure world peace.

The Big Three Western Allies meanwhile announced they intend plunging immediately into a discussion of plans for a conference with Russia as soon as possible. American, British and French diplomats are assembling in London for these preliminary talks beginning Wednesday.

MacMillan, successor in the Foreign Ministry to Prime Minister Anthony Eden, also expressed the view in the House of Commons that Red Chinese Premier Chou En-lai's Bandung statement on Formosa "suggests a readiness to enter negotiations." Britain welcomes "any genuine effort to find a peaceful solution to the Formosan question," the foreign secretary said.

## Four Anglers Found Safe After Search

PERRYVILLE, Md., April 25 (AP)—Four Pennsylvanians who had come into Maryland on a fishing expedition were found safe south of Perryville after a search by police and Coast Guardsmen.

State Police said the Coast Guard found the fishermen five miles south of Perryville at the mouth of Swan Creek where they had put in Saturday night when the wind blew up on the Susquehanna River.

Police said the four all from RD1, Sheridan, Pa., were Clair Wolfe, 35; Elmer Wolfe, 55, Danny Wolfe, 4½ and Fritz Spittler, no age.

## Mrs. D'Alesandro, Sons Named In Suit

BALTIMORE, April 25 (AP)—Two sons and the wife of Mayor Thomas D'Alesandro Jr. were named defendants today in a \$75,000 damage suit resulting from an automobile collision here last Jan. 15.

The suit was filed by Arthur D. Greene, who said his automobile and one driven by Nicholas M. D'Alesandro, one of the mayor's sons, collided at Guilford avenue and Eager street.

The suit said the car was titled in the name of Franklin Roosevelt D'Alesandro but the driver said it was owned by Mrs. Nancy D'Alesandro, the mayor's wife. Both sons and Mrs. D'Alesandro were named co-defendants.

Mrs. William A. Douglas, Cumberland, who was installed as state president, April 19, will officiate at the installation. Mrs. F. William Tillinghast, Upperco, will preside at the 1955, 1957 election.

Nominees are Mrs. E. Irving Baumgartner, Oakland, president; Mrs. Herbert Heston, Frederick,

## Division D Challenging Exhibitors

An interesting and challenging variety of flower arrangements are offered under Division "D" for entry in the Community Flower Show, Mrs. Porter D. Collins, division chairman, said last evening. The show will be held May 5 and 6 in Emmanuel Episcopal parish house.

Nine classes are included in Division D. Class 1, "Spirit of '76" a mass arrangement in the colonial manner, not less than 16 inches high, including container. Class 2, "Silhouette for Spring," a line arrangement emphasizing design and restraint in amount of material. Accessories are allowed and a mat or swatch of fabric may be used also. Mrs. Rudolph Steinberger is chairman for these classes.

Class 3, "Sweet and Low" is an arrangement for buffet or mantel, not more than 10 inches high or 20 long. Class 4, "The Top O' the Morning," a small arrangement for a breakfast tray, not more than six inches high, including container. Mrs. William H. Walker is chairman of these.

Class 5, "Tulip Time" an arrangement using tulips only, not over 18 inches high with container; other foliage allowed. Class 6, "Debutante's Delight," is open to anyone who has never won an award in any show. It may not be over 16 inches high with container. Mrs. Douglas Smith is chairman of this group.

Class 7, "Cocktail Hour," an arrangement for a low table to be viewed from all sides. Class 8, "Animal, Vegetable or Mineral," is a composition by a man and anything goes. Class 9, "A Tisket, A Tasket," for juniors under 15 years, a May basket with accessories allowed. Mrs. Porter Collins, chairman.

Mrs. Collins emphasizes that in this division only the flowers or plant material used need not be grown by the exhibitor. Entries must be arranged at home, except for final touches, and must be registered before May 4 by calling the class chairman or mailing an entry blank to Mrs. Roy C. Lottig, 519 Washington Street.

The show is sponsored by the Garden Group of the Woman's Civic Club.

vice president; Mrs. Harry B. Simpson, Cumberland, recording secretary; and Mrs. Daniel H. Bare, Westminster, treasurer.

Registration will be at 10 a. m., and the business session at 10:30. Luncheon will be at 12:30 at the William James Hotel. Reservations are to be made with Mrs. Grover C. Stemple, Oakland, by tomorrow. Members planning to attend from here are asked to call Mrs. G. Morgan Smith by Thursday.

## Secretaries Will Observe NSA Week At Party Thurs.

Algonquin Chapter, National Secretaries Association is observing NSA Week with a party Thursday evening. It will be held at the home of Miss Wanda Lee Hanks, Williams Street.

The week of April 24-30 has been proclaimed as National Secretaries Week, with tomorrow being designated as National Secretaries Day.

During National Secretaries Week the secretarial profession is being honored throughout the country and the National Secretaries Association (International) is taking an active and leading part in paying homage to all secretaries who have such an important place in American business.

Many chapters of the National Secretaries Association (International) will conduct secretarial workshops which are open to all secretaries of the community. Management will be invited to participate in the workshops, and thus management will learn the concentrated effort that is being made today to bring better qualified secretaries to the business world.

According to Mrs. Lilyan Miller, of Akron, Ohio, national president of the association, National Secretaries Week is not intended to glorify the secretary, nor is it the occasion for the employer to present this secretary with an orchid. However, it is a week during which the attention of the world will be focused on the part the secretary has played in building the American business world.

And what do employers think about this? The president of a food distributing company said, "in my opinion, a top-flight secretary is as responsible for the success of an organization as any executive in it; I believe if more executives realized the true value of their secretaries and would delegate more work to them, the executives would have fewer ulcers." The president of an investment company remarked, "the truly competent secretary today has to work as hard at her job, with all the intelligence and training available, as does the executive with whom she works." A U. S. Senator commented, "the greatest time-saver any executive can have is a dependable secretary."

The National Secretaries Association (International) has established the Certified Professional Secretary certificate which is awarded to all secretaries passing a vigorous two day examination. The first examination was given in 1951 and today there are 582 Certified Professional Secretaries. This program is open to all secretaries.

NSA, the world's largest organization of women in one profession, aware of the constant demand for top-level secretaries, urges every secretary to accept the challenge of this demand and better equip herself through training programs to share in management's vast responsibility.

### Academy Of Friendship Members To Be Honored

A meeting, sponsored by the Academy of Friendship, WOLM, will be held at the local Moose home, Beall Street, May 4, starting at 8 p. m. Mrs. Eva Devilbiss, chairman, announces.

At that time all members holding an Academy of Friendship degree will be honored.

Chapters from surrounding areas have been invited to attend and take part in the ritual.

### Social Chart

The BPW meeting will be held at 5:30 tonight at the YMCA.

The Newcomers Club will meet at the personnel gate of the Celanese at 7 tonight for a tour of the plant.

Staff Social Club of Manhattan Temple 8, Pythian Sisters will meet at 8 Thursday at the home of Mrs. Agnes Love, 318 Beall Street.

### Homemakers To Make Reservations

Contributions of jams, jellies, pickles, baked and canned goods for the Homemakers booth at the Flower Show, are to be taken to the extension office. Homemakers are to make their reservations for the country dinner, which will be served by the Civic Club, with Mrs. Douglas Smith, booth chairman.

### To Confer Degrees

Salem Royal Arch Chapter No. 11 will confer the Markmaster and Pastmaster degree on a group of candidates at the Masonic Temple tonight at 7:30.

Ralph G. Shipley, high priest, invites all York Rite Masons to attend.

A social will conclude the evening and refreshments are to be served.

## Sports Car Racers To Have Informal Parties May 14, 15

Two informal parties are being planned by the Cumberland Lions Club for the Sports Car racers.

A pre-race party will be at the Cumberland Country Club May 14, beginning with a cocktail party at 7 on a "dutch treat" basis. It will be followed by a buffet supper, after which there will be dancing.

Trophies for all the races will be presented at the "Victory" banquet, which is to be held at 7:30 May 15 at the All Ghan Country Club. A cocktail party will precede the banquet.

Reservations for both affairs are to be made with Winfield Adam by May 10.

Race-day breakfasts will be served at 7 a. m. on race day at both the Algonquin Hotel and Fort Cumberland Hotel.

Upon request tours will be arranged.

## Private Duty Registration Rules Set

A final discussion of private duty registry rules was held at the meeting of the Private Duty Section of the Maryland State Nurses Association, Friday evening in the Sacred Heart Nurses Home.

Miss Mae Matlick presided and Sister Margaret of Sacred Heart Hospital and Mrs. Gladys Brooks and Mrs. Carrie Harden of Memorial Hospital, met with the group. The same set of registry rules will be used in both hospitals.

Announcement was made that private duty wages remain \$12 a day, there has not been a raise.

The rules are to be mimeographed and sent to each member. Miss Christine Williams, district president, was a guest. Thirty members attended.

### WIFE PRESERVERS

To restore your velvet gown or skirt to look like new, brush well to remove dust and lint, then steam it on the wrong side and hang up to dry.

James and Mabel Twigg and Mrs. Mary DuVall, Oldtown, returned from visiting Mr. and Mrs. Marvin Twigg, Maryville, Ohio.

## Spring Is Theme Of Jockey Club Bowling League Party

The Jockey Club Bowling League held its end of the season banquet and dance Saturday evening at the Moose Home, at which time prizes were awarded. Mrs. Julia Brant presided and presented the awards.

A spring motif was carried out in the floral decorations and prizes.

Assorted spring flowers centered the main table with arrangements of sweetpeas on the other tables.

Green candles were used also. The centerpiece was awarded as a special prize to Mrs. Virginia Hulings and each bowler received perfume and a boutonniere.

White nylon blouses were awarded to each member of the winning Belmont team. The members are Mrs. Margaret Pompei, Mrs. Nancy Hansel, Mrs. Georgie Valentine, Mrs. Joretta Ricker, Mrs. Joyce Sullivan and Mrs. Brant.

Straw summer bags were given as high prizes with Mrs. Beatrice Miller receiving one for high set; Mrs. Mary Kay O'Neal, high game; and Mrs. Brant, high average.

Bracelets were given for high average on each team, with Mrs. Ricker on the Belmont team; Mrs. O'Neal, Bowie; Mrs. Gertrude Lat-

gent, Fairgo and Mrs. Joy Cunningham, Pimlico.

Ropes of beads were given for perfect attendance to Mrs. Betty Painter and Mrs. Opal Hensley; A perfume atomizer was given as a consolation prize to Mrs. Hensley; and special gifts were awarded to Mrs. Cunningham and Mrs. Shirley Woods.

Dancing concluded the evening. The summer league will open its season May 10, at 8 p. m., at the Club Alleys. All interested are asked to attend.

Gilbert Zimmerman, home from Korea, is spending a 30-day furlough with his wife, Mrs. Rebecca Smith Zimmerman, Oldtown. She will accompany him when he reports at Fort Knox, Ky.

## Late Buying Sends Market Up Following Early Selling

NEW YORK, April 25 (AP)—Buying enthusiasm sent the stock market up today and completely blanketed early selling induced by higher margin requirements. Gains at the finish ran from 1 to 3 points in many key areas while losses were small. The best performance was shown by steels, atomic issues, motors, and railroads. The aircrafts were lower. Late Friday the Federal Reserve Board raised margins to 70 per cent from 60 per cent. On Jan. 4 margins were hiked to 60 per cent from 50 per cent. That means you now have to put up a minimum of 70 cents of your own money for each dollar's worth of stock you buy and borrow the rest from your broker. A number of factors encouraged buying. Steels were prominent in the rise. The American Iron & Steel Institute estimated production this week at the second highest level in the history of the industry. During the week of March 23, 1953, actual production hit a record high of 2,324,000 tons. That compares with this week's estimate of 2,316,000 tons. Stocks with an atomic flavor came to life after President Eisenhower said the government was planning to build an atomic powered merchant ship and send it around the world on a goodwill tour. Among companies interested in such a project are Bethlehem Steel, Westinghouse Electric, Bath Iron Works, and Newport News Shipbuilding. All were higher. Bethlehem Steel was off 2 1/4 at the worst, added 5 1/2 at the best, and closed with a gain of 3 3/4.

## Two Hurt In RR Accident

Two Cumberland trainmen were injured early yesterday when a B&O Diesel freight train plowed into the rear of a standing Western Maryland freight, derailing one engine and seven cars and completely blocking the two-track mainline of the Western Maryland in the Hagerstown area. They are Engineer L. H. Duval, 52, RD 4, city; and Fireman R. J. Grabenstein, 43, of 415 Columbia Street. Duval suffered a fractured arm and other injuries. He was taken to Washington County Hospital in Hagerstown. Grabenstein's injuries were not specified. The B&O engine and two cars left the rails along with the caboose and four cars of the Western Maryland freight, spilling coal, sawdust and jute and tearing up the track about six miles west of Hagerstown. Railroad officials were unable to explain immediately what caused the wreck. The eastbound Western Maryland freight had been halted before entering the classification yard in Hagerstown. The B&O train, being brought into Hagerstown via the Big Pool cutoff from B&O tracks across the river in West Virginia, also was eastbound when it plowed into the rear of the standing freight. The caboose on the Western Maryland train caught fire but it was quickly extinguished by the Williamsport Fire Co. Railroad officials hoped to have one track cleared yesterday but said it would be night before both were open again.

## How do you buy and sell stocks?

Question submitted by Roman Stans, Robbinsdale, Minn., Tel. Co. Supervisor

Say you want to buy some shares of a company at the lowest price you can get at that time. You contact a Member Firm of the New York Stock Exchange in your locality and place your order "at the market." The Member Firm immediately wires or phones your order to their representative on the floor of the Exchange. It's his responsibility to get you the lowest available price from a seller in the market. When your order is to sell, his job is to get the highest price for you.

The Exchange neither "buys" nor "sells" stock, but provides the market place where these transactions are made under strict supervision. All this is done in the open, and the whole procedure usually takes only a few minutes or less.

Your local Member Firm can supply you with information on any of the 1,078 companies listed on the Exchange. Many of these companies have long records of growth and annual dividend payment. But remember, there's no stock you can buy without some degree of risk . . . so make sure you have some life insurance and emergency savings. Then investigate. Your Member Firm will be glad to give you—without cost or obligation—facts to help you invest on a sound basis.

**FREE BOOKLET . . .** tells you what stocks are, what cash dividends particular stocks have paid, how to buy stocks and about the new pay-as-you-go Monthly Investment Plan. ## Rev. Schwind's Car Damaged In Mishap

Rev. G. Stanley Schwind, rector of the St. George Episcopal Church, Mt. Savage, escaped injury in an automobile accident recently on Plank Road near Somerset, Pa. Pennsylvania State Police said the accident occurred when James H. Brant, 76, of RD 4, Berlin, traveling west toward Somerset, made a left hand turn into a driveway directly in front of the eastbound automobile of Rev. Schwind, who was on his way home after a trip to Canada. Police estimated damage to Brant's car at \$150 and to Father Schwind's at \$200. Information charging Brant with reckless driving will be filed before Justice of the Peace O. Wayne Hay of Somerset.

## Bedford Road Area To Get City Water

The Mayor and Council approved an agreement yesterday for the sale of water to approximately 30 residents at the extreme end of Bedford Road.

All costs of connecting to the auxiliary water line from Lake Gordon will be borne by residents and individual meters will be installed at their expense at each house. A \$50 tapage fee will be charged each, according to Water Commissioner William J. Edwards.

The department will see the line is properly installed, Edwards said. Before a vote was taken on the agreement, Finance Commissioner John J. Long asked Mayor Roy W. Eves to call a meeting of the council, city attorney, city engineer and city auditor, to discuss finances.

Long said a bond issue for \$750,000 for a water line to Pittsburgh Plate Glass Company; a \$150,000 issue for Memorial and the \$250,000 approved for the Frederick Street improvement project, the "cost of which I do not yet know," should be aired.

Mayor Eves said, however, that the water agreement would have no effect on finances as Long indicated. He said the agreement would

give the city additional income from the sale of water.

Referred to Long was the request of Cumberland Lions Club that council become a sponsor for the sports car Races to be held at Municipal Airport, May 13-15. To become a patron costs at least \$100, the request said.

Long also recommended that the request of Flintstone Volunteer Fire Company for the city to take an ad in a souvenir program for a hill climb event May 29 be rejected.

Approved was a proclamation naming May 1-7 as "Good Posture Week." The event is sponsored by the National Chiropractic Association and the Maryland Chiropractic Association.

A letter from the Women's Civic Club urged council to take action on suggestions made by Clifton Rogers, planning expert, during a recent appearance here under sponsorship of the club. Council took no action but referred the club to a 1948 planning report made by Whitman-Requardt, Baltimore consultants, for the city.

## Craft Show Visitors To Vote For Favorites

Visitors to the craft show, being sponsored by the Cumberland Branch of the American Association of University Women, may vote for their favorite craft.

Exhibits from Westernport, Frostburg, and other parts of the county, as well as Cumberland, are being shown.

The unusually wide variety of crafts being shown include wood work, pottery, crocheting, painting, hooked rugs, leather work and a great deal of embroidery.

Lonaconing was in third place with 357 families of 1,178 persons getting 776 pounds of butter, 1,330 pounds of cheese, 1,408 pounds of milk and 1,071 pounds of shortening.

### Midland Fourth

Demand in Midland ranked fourth in the county. Here, 193 families of 667 persons received 424 pounds of butter, 700 pounds of cheese, 774 pounds of milk and 582 pounds of shortening.

Barton was a close fifth, with 189 families of 555 individuals getting 374 pounds of butter, 593 pounds of cheese, 666 pounds of milk and 570 pounds of shortening.

Westernport had one less family than Barton, but more individuals were involved. There, 188 families of 672 persons received 413 pounds of butter, 688 pounds of cheese, 638 pounds of milk and 567 pounds of shortening.

Mt. Savage had 182 families of 660 persons getting 408 pounds of butter, 683 pounds of cheese, 783 pounds of milk and 577 pounds of shortening.

### 146 Families

Cresaptown registered 146 families of 541 individuals who received 335 pounds of butter, 560 pounds of cheese, 644 pounds of milk and 438 pounds of shortening.

Eckhart had the lowest demand with 138 families of 482 persons receiving 301 pounds of butter, 490 pounds of cheese, 572 pounds of milk and 411 pounds of shortening.

The registration for June distribution will be held throughout the county on May 2, 3 and 4, and all forms must be in the hands of the Allegany County Welfare Board not later than May 10, Chapman noted last night. The distribution of May commodities will begin at

day. He told the court that prior to last April the yard was operated in such a manner that no complaints were necessary. Then Feldstein allegedly began operating the yard at night, and Barb said his children were unable to sleep due to the clanging of metal during this work.

Barb said he called the sheriff's office, the State Police three times and also complained to the state's attorney's office and to the county

commissioners. He cited that some of the junk in the yard consisted of small metal discs which children in the neighborhood throw around.

Some of the discs fell in his backyard and were a hazard to children. He also said the children of the neighborhood played atop the piles of metal to cause a hazardous situation.

Barb said some of the junk piled

## Faith In America Justifiable As Ever

Too many Americans who should be walking erect and proud in the knowledge of their nation's great strength are disposed to be fearful that something terrible is about to happen to this country. They have a crazy conviction that Russia is more powerful and that America is wavering about like an accident going some place to happen.

Any way you look at it the United States is the richest and most powerful nation in the world and its people enjoy the greatest opportunities, most liberty and the highest standard of living. The United States does not have huge hordes of conscripts ready to goosetep into a neighbor land or swarms of secret police to harry and browbeat citizens.

Those lacks are a part of this nation's good fortune. In every basic way America is stronger by far than any possible competitor.

In aviation this country has more commercial planes than the rest of the world combined, and more licensed pilots. American pursuit planes are the fastest, American bombers of longer range and more powerful than any in the world. In all phases of research for new weapons this country is ahead.

The world hasn't yet reached the stage at which an aggressor can push buttons and destroy another nation without warning. Possibly that time will never come.

America is still America, the land of abundance and liberty. Americans will keep it just that, despite the jittery and the unbalanced.

## These Days

By George E. Sokolsky

### On The Gentle Art Of Lying

Harvey Matusow is a self-admitted liar and boasts both his ability and his capacity. Not being a psychiatrist, I cannot testify as to his conduct but take it for granted that all men are somewhat peculiar and Harvey very much so.

Harvey has now set himself up as an expert in lying and may open an office some day to advise those who require guidance in the art for a fee. He might even become famous as the first man who lied with pride, lied with joy in his heart, testified on how perfect a liar he is under oath before a congressional committee and in a court of law. Why the committee listens to him after he swore that he had perjured himself is difficult to grasp, but I suppose that a record must be made for posterity.

Matusow and his mentors have decided that he must not stand alone; so, he is trying hard to drag Roy Cohn down with him. The reason: Cohn helped to send the Rosenbergs to the electric chair; he helped to send William Remington to prison; he exposed the espionage cell in the United Nations, etc., etc. The way to get even with Cohn is to try to make him look like Matusow. So Matusow is set up as a liar and Cohn is made to be associated with him to establish guilt by propinquity.

In a brief which the United States attorney in New York, J. Edward Lumbard, presented to the court in the case of United States v. Elizabeth Gurley Flynn, et al, appears the answer to Matusow's allegations concerning Cohn. In fact, Judge Edward Dimock upholds, in his decision in the case this point of view:

"According to Matusow, Cohn then began developing the false testimony with respect to the conversation with Trachtenberg. . . . Matusow is uncertain as to when this false testimony was finally worked out in the form in which he testified, but he claims that the matter of the book and his conversation with Trachtenberg was discussed on numerous occasions with Cohn in the presence of other members of the prosecution staff and agents of the Federal Bureau of Investigation. . . .

"It has now been conclusively established that Matusow's contentions with respect to this portion of his testimony are falsehoods from first to last."

Further the brief says:

"Matusow's statements that Cohn and other members of the prosecution staff knowingly or otherwise assisted him in preparation of allegedly false testimony concerning a conversation with Trachtenberg relating to the 'Law of the Soviet State' by Vishinsky are wholly belied both by the sworn testimony of all those who were at any time charged with his trial preparation as well as by contemporary documents dictated during the course of his preparation.

"This monstrous accusation that the testimony regarding Trachtenberg and 'Law of the Soviet State' was fabricated and masterminded by members of the prosecution staff, one of the main points relied upon by the defendants in this hearing, now shown to be a complete falsehood, so permeates the Matusow hearing testimony as to render all of it absolutely incredible."

Again, Matusow is shown to make false statements concerning Cohn:

"Matusow claims that he first formulated the testimony with respect to this conversation with Charney (a defendant), which he now claims is false, on February 17, 1952, during a lengthy meeting with Cohn. The fact of the matter is that he had no such meeting with Cohn on that date or on any other date between their one hour initial meeting in the car on December 19, 1951, and the time Cohn took over his trial preparation in May 1952. . . . The conclusion that Lumbard reaches is:

"... The choice of a scapegoat in the person of Roy Cohn is too obvious a tactic to merit further comment. The charge of subornation relating to a conversation with Trachtenberg about the 'Law of the Soviet State' made in such great detail and upon the truth of which defendants' rest dependents' claim for relief is utterly false. This lie foisted upon the court permeates the entirety of Matusow's testimony at the hearing and renders it utterly incredible."

From all this it would appear that Harvey Matusow may have been resurrected by the Communists in an effort to get Roy Cohn in order to teach a lesson to others not to send spies like the Rosenbergs to the electric chair. Otherwise why did they pay him to exhibit himself as the complete liar?

## Russian Decision On Austrian Treaty Shocks France

By David Lawrence

PARIS—It is hard to describe the shock which swept official circles in France when the first news came that Soviet Russia after 10 years had decided to abandon her stubborn refusal to sign the peace treaty with Austria to which all the other powers had long ago given their approval.

Did it mean a real change in the Soviet attitude, or was it just another move in a cruel game often called the "cold war?" These questions were asked again and again as French officials prepared themselves for the repercussions. For anything that Moscow does has to be reckoned with in terms of domestic propaganda carried on here by thousands of Communist agents who have the advantage of maintaining a political party headquarters with all the machinery necessary to influence votes in the Parliament even outside the Communist bloc itself.

Gives Impetus To Conference

Thus, for example, the most important result of the Moscow action in agreeing to approve an Austrian treaty is to give a decided impetus to the movement for a "four power conference." This means a meeting of the foreign ministers of Soviet Russia, Great Britain and France and Secretary of State Dulles.

If such a conference could bring forth an agreement not merely to approve the neutralization of Austria but also—what is of infinitely greater importance—the neutralization of Soviet Russia herself, the event would be a real step toward world peace.

For today it is not so important whether Austria agrees to keep out of any alliances of a military nature but whether Soviet Russia will take convincing steps to end her military threat against the West. It is the Soviet Union's refusal to withdraw her armies of occupation

from East Germany and from the satellite states which has caused the Western Allies to take counter-measures such as the establishment of the North Atlantic Treaty Organization, with its military bases and coordinated forces in being. Nobody would have suggested such a military alliance in 1946 when the Soviet Union was still a trusted ally. It was only when Moscow began to go it alone and to generate friction throughout the occupied zones and especially in Berlin that the free world woke up to the fact that the rulers of the slave world had hostile designs on the Western continents.

Having taken protective measures, the Western Allies today are moving in diplomacy on the theory that an attack has been deterred and that Soviet Russia has been checked militarily and will begin therefore, to play ball with the other members of the team which saved her from Hitler's murderous conquest.

Expediency Replaces Principles

But morality is never imposed by force or the threat to use it. Gangsters remain gangsters no matter how many reprieves they get. Unfortunately in the free world, where materialism and the comforts of living have bred a

How far should a reporter go in stretching a confidence? Until it snaps back and knocks his hat off? We feel no reporter is bound by a candidate's self-addressed opening. "This is off the record." Unlike Josh Billings' cannon, a mouth can be shot off a little at a time.

A political reporter is a man with a nose for news and an ear to filter it. Anything said at a big dinner or penciled at a convention is right down his alley and out the other end.

The question is should you break bread with a man and run the crumbs through a Univa? That was done this spring when a chair-bound kernel popped off on the Matsu-Quemoy axis. The next thing he knew a fissionated Bromo

Seltzer blew him loose from his toupee. That little toot-a-toot with a reporter had become an all-points bulletin.

Bertillon said a bird could not fly through a cloud without leaving a trace. And a retired kernel cannot run a stick along a picket fence without spelling something in code.

It might be well for the kernel to remember his tongue is older than his teeth.

And that nobody above the rank of dog robber, second class, should make a statement he can prove.

The affair big mouth didn't come off so badly for the kernel. He is back in his club arm-chair. But not in the window facing Pennsylvania Avenue.

ROUGH SKIN

Mrs. L. writes: My 3-year-old grandson has unusually dry and rough skin, especially on the palms and legs. Can anything be done for this little fellow?

REPLY

There are many salves and lotions containing oil, but before anything is done, find out what is making the skin dry. Several skin, glandular, and allergic disorders as well as a vitamin deficiency are capable of causing dryness and roughness.

HEART ENLARGEMENT

B. W. writes: What would cause enlargement of the heart in a 35-year-old man who never went in much for exercise?

REPLY

High blood pressure, anemia, or a previous attack of rheumatic fever that escaped detection might be considered. We now know that strenuous physical activity is not responsible.

PAINFUL CONDITION

S. D. writes: What do you have to say about twisted kidneys.

REPLY

This condition sounds awful but I doubt that it ever exists. The kidneys are imbedded in fat in the back of the abdominal wall and although they move with changes in posture, twisting would be unusual.

MEAT AND CANCER

T. M. writes: Do more meat eaters develop cancer than non-meat eaters?

REPLY

No. Meat is not carcinogenic and is one of our most valuable sources of protein.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

## Alben Barkley Advises Harry Truman Against Mailing "Sound-Off" Letters

By Drew Pearson

WASHINGTON — Ex-Vice President Alben Barkley told his old friend, ex-President Harry Truman, a story at a dinner last week in Washington — a story with a moral to it—about Westbrook Pegler.

Barkley told about a column Pegler had written which was very unfair and which made him furious. So he sat down and wrote Pegler a letter.

"It was quite a stinging letter," Barkley said. "I began it with 'Dear Peggie,' and ended it with 'If your syndicate gets what your columns are worth, you'd be a pauper.'"

"But," continued Barkley, looking at his old friend Truman, "I never mailed it. Unlike you, Mr. President, I never mail my letters."

Russian May Day

The American public may not know it, but the power pendulum is swinging over toward Soviet Russia as far as air strength is concerned.

Last May Day the Russians flew a giant jet bomber, the size of a B-36 over Moscow. It was their first and only long-range jet bomber, known as Type 37.

This May Day the Russians will have 15 of these Type 37 giant jets. In contrast, we had two B-52 jet bombers of the same size a year ago. Today we have only three. In other words, the Russians are outproducing us 14 to one!

Phony Democrat

White House foreman Sherman Adams has come up with a counterfeit Democrat to replace Securities and Exchange Commissioner Paul Rowen who made the mistake, in Adams' eyes, of opposing

the bitterly controversial Dixon-Yates contract.

By law, Rowen's post must go to a Democrat. The SEC is required to have two Democrats and three Republicans—while the GOP is in power.

However, Adams has picked a synthetic Democrat, Connecticut's ex-Congressman Johnny McGuire who made a deal to support GOP Governor 'ohn Lodge for re-election. McGuire's reward was to be a juicy job in Lodge's administration.

Unhappily for McGuire, however, Democrat Abe Ribicoff defeated Lodge for the governorship. And McGuire became a lobbyist in Washington. He represents Franco Spain and the big natural gas interests which are trying to overrule the Supreme Court and prevent price regulation by the power commission.

An independent quasi-judicial agency, the SEC is no more supposed to be run by the White House than is the Supreme Court. Yet Sherman Adams put pressure on the commissioners to approve the Dixon-Yates contract, awarded without competitive bid to a private power combine to supply power for Oak Ridge, Tenn., and Paducah, Ky., atomic plants.

However, Commissioner Rowen defied the White House and, for voting his convictions, will lose his job.

White-Collar Workers

Hard-working Senator Jim Murray of Montana has been conducting some little-publicized but important hearings on behalf of the "forgotten workers" of American business—the great under-paid, over-worked army of clerks who wait on you in chain stores and other retail establishments.

Not since the eradication of sweatshops in garment centers has any group of workers had to endure greater hardship than retail employees, most exploited of the so-called white-collar workers. With living costs the highest in history, they are still paid a sweatshop wage averaging about 57 cents an hour nationally.

In some parts of the South they are paid as low as 35 cents an hour, compared with the established minimum wage of 75 cents an hour under the Fair Labor Standards Act, which does not cover

retail employees. Also, they sometimes work as long as 60 hours a week, compared with the 40-hour maximum (without overtime pay) under the Fair Labor Standards Act.

Senator Murray's bill not only would bring retail employees under the protection of the Fair Labor Standards Act for the first time, but would raise the FLS minimum wage for all workers to \$1.25 an hour. It would also lower the maximum net week to 35 hours. The Eisenhower administration favors a compromise of 90 cents an hour, with no change in the 40-hour week.

Corner Grocery Protected

To protect the small, corner grocery, the Murray Bill would apply only to retail employers who have five or more stores, or who do a gross business of more than \$500,000 a year. This provision is aimed at big chain and department stores, which have always been immune from the government's wage and hour standards.

James Suffridge, secretary-treasurer of the AFL Retail Clerks Union, testified at Senate hearings that big retail establishments should be subject to federal regulation under the FLS Act just as industrial companies must comply with the Taft-Hartley Law. Some of the big retailers now immune from wage and hour regulation include:

The A & P grocery chain, with 4,600 stores and an annual business volume of about \$4,000,000,000; the 1,845 Safeway stores, with 40,000 employees; the Kroger Company, with 1,664 stores and 30,000 employees; F. W. Woolworth, with 2,021 stores and 96,000 employees; J. C. Penney, 56,000 employees in 1,647 stores; Sears, Roebuck, 699 stores and 120,000 employees; R. H. Macy of New York, 26 stores and 24,000 employees.

NOTE—Another huge wage-and-hour exemption that Senator Murray wants to bring under the law is the W. T. Grant variety stores, with 500 retail outlets employing 23,000 persons. AFL's Suffridge testified that a Grant store in Oakland, Calif., paid retail help \$1.08 an hour, while a Grant store in Tampa, Fla., paid only 65 cents an hour to the same type of worker. Both stores charged the same retail prices, despite the big disparity in labor costs.

## Shrine Of The Ages

By Bob Considine

LAS VEGAS, Nev., April 25 (INS) —"Arizona Highways," the most beautiful magazine in the world, informs me:

"On the south rim of the Grand Canyon, silent witness of the forces of eternity and God, men and women of all faiths today are joining to build a house of worship.

"To the millions who have stood breathless, silent, on the edge of this titanic gorge, there is understanding born of reverence in its name, 'Shrine of the Ages Chapel.' It is only through his soul, grasping for the meaning of the infinite, that man can comprehend this chasm."

Arizona is understandably excited about this project, and is raising \$1,000,000 to take care of the plans. The result will be one of the most unusual ecclesiastical structures in the world. Since it is meant to appeal to all faiths as a place of worship, the choice of the architect became a considerable problem. Harold E. Wagoner of Philadelphia, an architect of distinction, and a member of the American Institute of Arts and of the board of directors of the Church Architectural Guild of America, was chosen.

He had his work cut out for him by the federal government.

"The building must be horizontal in movement; must blend with the canyon, reflect the spirit of the Indian kiva and have no tower or apertures relating to any specific religion," wrote a spokesman for the United States of America. All this is being attended to in the plans, and we trust everything turns out better than the efforts of the United Nations to please one, and all not to offend Russia, which wasn't in favor of UN having a place of worship at all.

The big payoff came when Trygve Lie, then secretary general of U.N., a good man but with a limited outlook on the English language, got around to naming the ecclesiastical capon which the architects built for him. He was afraid to call it a church, mosque,

chapel, synagogue, temple, etc., etc., for fear of offending any known sect, nor did he want to offend the standard religions by calling it a "mediation room." So in his wonderful aimlessness, in our language, at least, Mr. Lie proposed temporarily to call it "rest room."

With the "Shrine of the Ages Chapel," of course, things will be different. There, we are not as concerned with the babel of tongues and the facets of politics and ideologies as in U.N. There, if all goes well and the money is raised, will rise a place of worship completely indigenous of the canyon, a divine house which hopes to be an extension of the eternal rock itself.

The area behind the altar will be a window, looking out upon one of the most startling scenes on the face of the earth. It will not be a very good place for an atheist. It may cause him, if he shows, to wonder whether some power beyond the reach of man cut this incredible wound in the cheek of the earth or pasted the sun, moon and stars against the great dome of the sky.

If you were confused by the word "kiva" I refer you to greater authority:

"The kiva for centuries has been an integral part of all Indian pueblos," the organization behind the building of the Chapel writes. "It is the place of worship of the Hopi, one of the most interesting Indian groups in the United States. The Hopi are agriculturists and the only pueblo (Spanish for village) Indians in Arizona. They live in 11 villages. All of these but one are on mesa tops on their reservation, which is entirely surrounded by the reservation of the Navajos."

The kiva has come down from very ancient times. Its memory will be preserved in a chapel which could very well become one of the great attractions of the west. Certainly, no place of worship ever had such a head start.

# 200 Sports Cars Expected For Races At Airport On May 15

## Limit Of 35 Cars To Race Is Announced

Proctor Is Entry;  
Six Events Listed;  
Tickets Go On Sale

An entry of approximately 200 cars in all of the displacement classes is indicated for the "Cumberland Classic" sports car races to be held at the Cumberland Municipal Airport on Sunday, May 15.

The charity activity sponsored by the Cumberland Lions Club and the Steel Cities Region (Pittsburgh) of the Sports Car Club of America, has been designated a national event and points earned here will count in the S.C.C.A. championship standings.

All profits will go toward a sight conservation program for underprivileged children.

William R. Carscaden, Lions Club chairman, announced yesterday that 70 entries already have been received and many more are expected to pour in within the next week or ten days.

Six races over the airport's 1.6 mile course will range from thirty miles for the smaller displacement cars to eighty miles for the larger ones.

Bill Proctor, nationally known driver, will be at the wheel of a Porsche Spyder in one of the big races on the program. Other European make cars that will be seen in the 80-mile feature events include Ferraris, Maseratis, Arthurs and Jaguar Specials. John Bentley, automotive editor of Sports Illustrated Magazine, is expected to drive an Arthurs.

Isabelle Haskell Entered

It was also learned yesterday that Isabelle Haskell, one of the nation's best known women drivers, will be among the entries in the female event. Mrs. M. R. Wylie, Allison Park, Pa., and Mrs. S. Dietrich, Sandusky, Ohio, who finished one-two in the first sports car program staged here on May 16, 1954, will be back to battle it out for the second straight year.

Entries are being limited to 35 drivers in each race.

Entry blanks totaling 6,000 have been mailed throughout the world and accompanying each blank is a folder listing the hotels and motels in this area and calling attention to the fact that Cumberland is observing its 200th anniversary this year.

Tickets for the races, which are \$1 each, may be purchased from any member of the Lions Club. Special pasteboards carrying infield privileges are \$5 each and are being handled by William R. Carscaden.

Six Races On Program

The six races on the program, with the first scheduled to get underway at 9:15 a. m., are as follows:

FIRST RACE—For novice drivers without senior competition and for cars under two litres. Distance—20 miles.

SECOND RACE—For novice drivers and for cars under two litres. Distance—20 miles.

THIRD RACE—Ladies Race. Distance—30 miles.

FOURTH RACE—For senior competition license holders and production cars under two litres. Distance—50 miles.

FIFTH RACE—For senior competition license drivers and production cars above two litres. Distance—80 miles.

SIXTH RACE—Cumberland Cup Race for modified cars of all capacities. Distance—80 miles.

## New Maryland Regulation Decrees Spike Buck Legal

Deer, Other Hunting Dates For 1955 Are Set By Commission

A new regulation adopted by the Maryland Game and Fish Commission permits the taking of any male deer having a spike three inches long measured from the base of the skull.

Game management experts of the state department believe the new regulation will result in the saving of many heretofore illegal deer.

It is claimed that when a gunner shoots a spike buck and upon close inspection, discovers his mistake, he usually walks away leaving the illegal deer in the field and goes on to shoot another deer. The new regulation is in the nature of an experiment.

The special bow hunting season for deer of either sex is November 1 to 13, inclusive, in the following 15 counties: Allegany, Carroll, Frederick, Calvert, Charles, Baltimore, Harford, Kent, Queen Anne, Caroline, Talbot, Dorchester, Wicomico, Somerset and Worcester.

The regular six-day open season for male deer only (firearms or bow and arrow) is December 5 to 10, inclusive. During this period deer may be hunted in the following 18 counties: Garrett, Allegany, Washington, Frederick, Carroll, Calvert, Cecil, Kent, Caroline, Queen Anne, Talbot, Dorchester, Wicomico, Somerset and Worcester.

The Maryland squirrel season is October 5 to 31 with the bag limit set at six per day. There is no limit on red or piney squirrels.

Wild turkey season in Garrett, Allegany, Washington and Worcester counties only opens October 5 and closes October 31. The bag limit is one for the season.

Other Maryland open seasons include:

Pheasant, November 15 to January 1, two per day, not over six per season.

Ruffed grouse, November 15 to January 1, two per day, not over six per season.

Rabbit or hare, November 15 to January 1, four per day.

Partridge (quail), November 15 to January 1, six per day.

There is a closed season on bear in Maryland.

It shall be unlawful to hunt any upland game in any manner in Garrett or Allegany counties during the open season for hunting of deer.

**Rivlin Succeeds Cam Henderson**

Jules Rivlin of Wheeling is Cam Henderson's successor as head basketball coach at Marshall College, Huntington, W. Va.

Rivlin, one of Marshall's all-time basketball greats, has been coaching at McKinley Vocational High School, Wheeling, for two years.

Following his graduation from Marshall in 1940, Rivlin was player-coach at Fort Warren, Wyoming, while in the service, and later coached and played for the Toledo Jeeps in the old National Basketball League. He also played with the Wheeling Blues of the All-American Pro League.

Henderson announced his retirement on March 5 after 42 years as a coach. He spent 19 years at Marshall College.

**Title Bout Set**

NEW YORK, April 25 (INS) — The International Boxing Club announced today that lightweight champion Jimmy Carter will defend his title June 1 at the Boston Garden in a 15-round fight with Wallace (Bud) Smith of Cincinnati.

The bout will be nationally televised by ABC, marking the debut of the Wednesday night fight series on that network following its switch from CBS.

Smith ranked fifth in the latest Ring Magazine monthly ratings.

**Women Hold Tourney**

The Women's Golf Association of the Cumberland Country Club will hold a four-hole tournament, commencing at 10 o'clock this morning.

Mrs. H. W. Ellason is tournament chairman.

## Purple Heart Club And K. C. Shufflers Open Title Series

Cumberland's Knights of Columbus and the Purple Heart Club are all set for their six-game series that will determine the championship of the Allegany County Men's Shuffleboard League.

The first three games will be shot tonight at 8:30 o'clock at the Purple Heart Club while the windup is scheduled for Thursday at the K. of C. Home.

These teams met twice during the regular season with the Knights winning on November 25 by the score of 3-0 while the Purple Heart Club scored a 2-1 victory over the Irish on St. Patrick's Day.

Finishing the season in second place, the K. of C. ushered Froburg Legion out of the playoffs by the margin of 23 points in six games. Purple Heart eliminated Fisher and Robinette, first place finisher, by 35 points.

The championship series also will be decided on total points in six games.

## Hartack Rides Six Winners On Washday Card

LAUREL, Md., April 25 (AP) — Jockey William Hartack again dominated the racing program at Laurel riding six winners on the washday program capped by a head victory aboard Triple K Stables' Blue Volt in the featured Rock Creek Purse.

Walter M. Jeffords' Open Sesame was second, three lengths in front of William Ewing's Gallito who was third.

The crowd of 9,736 that attended in a slight drizzle which turned the racing strip in a good track, was barely able to separate Open Sesame and Blue Volt in the wagering on the Rock Creek and the race was every bit as close as the preliminary wagering indicated.

Blue Volt raced the mile and a sixteenth in 1:44 4-5 and returned \$5.80, \$3.00 and \$2.60 across the board. Hartack had ridden five straight winners here on opening day last Monday and the six today boosted his total to 18 for the first seven days of racing.

**Moose To Practice, Play Elks Friday**

Weather permitting, the Loyal Order of Moose softball team of the Rocking Chair League will practice today and Wednesday at 5 p. m. at Community Park. Uniforms will be distributed following Wednesday's practice session.

The Moose will play the B.P.O. Elks a practice game Friday at 5:30 o'clock at Stitzer Field.

**Alston Fined \$50**

NEW YORK, April 25 (INS) — Brooklyn Manager Walter Alston was notified today that he has been fined \$50 by National League President Warren Ford for an argument last Friday at Ebbets Field with Umpire Babe Pinelli.

It was the first time Alston has been fined since he became Dodger manager. He was ejected from the game for protesting too vigorously when Don Zimmer was called out at the plate on an eighth-inning squeeze play.

**Bobcat Netmen Lose**

The tennis team of Frostburg State Teachers College lost an 8-1 decision to Fairmont State College, Friday, at Fairmont, W. Va. Capps scored the only win credited to Frostburg, defeating Al Uveges in a singles match, 6-4, 7-5.

**Little League Meets**

MT. SAVAGE—The Little League of Mt. Savage will meet this Thursday night at the Mt. Savage Fire Hall at 7:30 p. m. Anyone interested in helping with the League is asked to be present.

## Rip Repulski, Al Kaline Top Major Hitters

Detroit Outfielder Batting Even .500

By BEN OLAN  
NEW YORK, April 25 (AP)—Hitting behind Stan Musial must be an inspiration, at least it's doing wonders for Eldon (Rip) Repulski, the new cleanup batter for the St. Louis Cardinals.

Al Kaline, the speedy outfielder of the Detroit Tigers, has taken an early lead in the American League batting race. He's batting an even .500 with 19 safeties in 38 trips after 10 games.

Bob Nieman of Chicago is second to Kaline in batting with a .423 percentage. The ex-Detroit Tiger, who was traded to the White Sox during the winter, has collected 11 hits in 26 at bats.

Bill Skowron of the New York Yankees, who is setting the runs batted in pace along with Nieman at 14 apiece, is third in the hitting competition with a .422 mark. Chico Carrasquel is fourth with .400 followed by Vic Power of Kansas City with .381 and Harvey Kuenn of Detroit with .372.

Behind Repulski in the National League come Johnny Logan of Milwaukee with .389, Granny Hamner of Philadelphia .367, Billy Bruton with .364 and Roy Campanella of Brooklyn and Dee Fondy of Chicago with .362 each.

Musial Down To .227

Musial, six times the National League batting champion, is off to one of his worst starts in years. He's hitting only .227 with 10 hits in 44 at bats.

But Repulski, Red Schoendienst and Wally Moon are taking up the slack for the Cardinals. Schoendienst is batting .341 and Moon .340.

**Larsen Must Explain Incident In Genoa**

NEW YORK, April 25 (INS) — The United States Lawn Tennis Association today withdrew permission for Art Larsen of San Leandro, Cal., to play in foreign tournaments until he explains an incident at Genoa in which he reportedly hit a ball boy in the face with a ball.

Rennville H. McMann, chairman of the international play committee, cabled Larsen, fourth-ranking U. S. men's singles star, for an explanation of reports that he smashed a ball at a 10-year-old youngster who had irritated him, striking the boy in the face.

A similar report was requested from tournament officials in Genoa. Larsen is scheduled to begin play this week in a tournament at Florence.

## PVC Track Meet Reset Thursday

The Potomac Valley Conference track and field meet, scheduled for today at Fort Hill Stadium, has been postponed until Thursday at 4 p. m., because of rain making the field unfit for the staging of the events.

Keyser, Ridgeley and Southern High of Oakland have entered the meet. One or two more entries are expected to participate in the program.

## Yankees Face First Place Chisox Today

Two-Game Series Opens In Chicago

CHICAGO, April 25 (AP) — The Yankees are coming to town tomorrow and the first-place White Sox are waiting for the two-game meeting with feigned—or, could be, genuine—nonchalance.

"No, I'm not particularly concerned about playing New York," said Manager Marjory Marion today as he cancelled an open date work-out because of cold weather.

The Pale Hose (6-3) lead the American League by 31 percentage points over New York and Boston, tied for second at 7-4.

"We'll play them just as they come, and it doesn't make any difference whether it's New York, Cleveland or Baltimore," said Marion. "Just say that we'll be ready."

Sox General Manager Frank Lane, who usually thumps his chest and growls defiance and deprecations at the Yankees, was comparatively placid.

"I imagine the Yankees will show up, including Casey Stengel with his outstretched hand," said Lane. "In the interest of getting Stengel off to a friendly start against Marion, I will say only that I think Stengel is a very nice man and most astute...."

The Yankees won 15 of last year's 22 starts against the Sox, then managed by Paul Richards, current Baltimore leader. "We'll have to do something about that starting tomorrow and Wednesday," said Lane.

**Rocky Castellani Defeats Varona**

NEW YORK, April 25 (AP)—Rocky Castellani, the No. 3 middleweight contender from Cleveland, staggered Cuban Chico Varona with a solid left hook in the last three rounds tonight on the way to a unanimous decision in a 10-round bout at St. Nicholas Arena. Castellani weighed 159½, Varona 156½ pounds.

Although the Cuban was cut over the left eye and on the left side of the nose, he refused to go down under Rocky's closing barrage. Varona was pushed down in the eighth just before the bell, however.

Referee Al Berl and Judges Charley Shortell and Harold Barnes all scored it 8-2 for Castellani. The AP card was 9-1 for Rocky.

A crowd of 1,600 paid \$2,452 to see the televised match.

**Valley, Fort Hill May Clash Today**

The Valley High at Fort Hill contest, one of the four Bi-State Conference games postponed yesterday on account of rain, will be played today at 4 p. m. at Fort Hill if the diamond is fit for play.

Coach John J. "Bobby" Cavanaugh announced last night.

Other games rained out yesterday were Bruce at Beall, LaSalle at Flintstone and Allegany at Hyndman.

**Lonaconing Leagues Will Meet Thursday**

A meeting will be held Thursday at 8 p. m. at the Lonaconing City Hall for the purpose of formulating plans for the Little League and Lonaconing's team in the Bi-State Pony League. All persons interested are invited to attend.

Fifty-four Little Leaguers and 19 Pony League players are now under contract. Other players desiring to sign up may do so at Thursday night's meeting.

**County Loop To Meet**

Final plans for the 1955 season will be discussed at a meeting of the County Softball League tonight at 7:30 o'clock at the Corriganville Fire Hall.

## KHS Announces Activities For Senior Week

KEYSER — With the graduating class at Keyser High School looking forward to the final days and commencement, on May 27, there are many activities leading up to it in which the student body is interested. The outstanding dates, as announced on this week's bulletin at the school are: May 13, Junior-Senior prom; May 19, Senior Class night; May 20, Senior banquet, sponsored by the alumni; May 22, Graduation sermon, 8 p. m.; May 26, Graduation exercises, 8 p. m.

On Monday, the Wesleyan College Choir presented a brief concert for the school during the fifth period, and a district Tri-Hi-Y meeting was held at Piedmont High School in the evening.

Today the faculty will hold a meeting at 3:45 p. m. and the Student Council will meet in the sixth period, in Room 20. The school baseball team will play at Petersburg High.

On Wednesday the Kelley Award program will be conducted during the second period and the All Sports banquet will be held at 6:30 p. m. at the Moose Home on East Street.

Members of the Senior Class will visit at Potomac State College, Thursday, leaving on the trip at 8:45 a. m. The Junior Class will meet to organize for the coming school year, during the first period. The Sophomore Class will organize for the year in the fifth period.

Friday will be the end of the eighth month for schools. On that day the following clubs will hold meetings in the school in the fourth period. They are K-Club, K-Ettes, Future Farmers, Future Teachers, and Knights of Science. Some of the clubs may elect officers at these meetings, but all must complete election formalities by the next meeting.

## Keyser Election Dates Are Set

KEYSER — The primary and general elections to name and elect two members of the city government will be held this spring. Under the charter two members of the four-man city government will be elected this year. The council of three and the mayor's office must be filled by election bi-annually.

Two members of council being elected every other year and a councilman and the mayor elected the intervening year.

This year, the office of mayor and one councilman, must be filled as the mayor's two-year term expires and the term of Councilman Raymond Murray will also be vacant by expiration.

The primary, according to city laws, is to be held on Tuesday, May 24, and the general election to be held on Tuesday, June 7.

Mayor John C. Freeland, up to this time, has no opposition.

## Sorority To Aid Cancer Campaign

KEYSER — Officers and members of Iota Pi Chapter Tau Phi Lambda Sorority of the Supreme Forest Woodmen Circle, in Keyser, offered their services in the annual Cancer Drive in Mineral County. The cancer fund campaign, sponsored by Keyser Kiwanis Club assisted by Circle K Club of Potomac State College, has welcomed the women, who plan to stage a drive for funds in the business district on Saturday, May 14, in which they will start a "block of money" on North Main Street between Armstrong and Center streets.

The Iota Pi Chapter members plan to lay all claims they receive side by side along the sidewalk near the curb, and to hang paper money on a "clothes line" above the curb. The hours for their drive will be between 1 and 5 p. m. that day. All of the money given to the women workers will be deposited in the general Cancer Drive fund.

### ANOTHER UNNECESSARY FINESSE

YESTERDAY'S column pointed up one aspect of the "unnecessary finesse." Here is the same thing in different guise.

South dealer.

Both sides vulnerable.

The bidding:

South	West	North	East
1♠	Pass	3♠	Pass
4NT	Pass	5♥	Pass
6♣	Pass	Pass	Pass

The club jack was the opening lead. Dummy's ace won, and two leads drew the outstanding trumps. Then, feeling that he had nothing to lose by taking the heart finesse (since he could always discard a diamond on the heart ace), declarer led to the heart queen. East won, and when the diamond finesse also failed, the slam contract was down one.

## 668 Mineral County Students Get Salk Polio Vaccinations

KEYSER — First and second graders from 13 Mineral county schools received Salk polio vaccinations Monday at headquarters in the basement of Grace Methodist Church here.

A total of 668 shots were administered, according to officials of the County Health Department, who said it had been originally planned to extend the vaccinations over a two-day period. However, when it was noticed that the out-of-town students would receive their shots in less time than had been anticipated, students of local schools were summoned.

Receiving shots yesterday were 272 pupils of Keyser Elementary; 14 from Lincoln School here; 26 from St. Francis Parochial here; 25 from Limestone School; 51 from Burlington School; 72 from Elk Garden School; 48 from New Creek School; 48 from Piedmont Elementary; 25 from Howard School, Piedmont; 10 from Antioch School; 20 from Cross School and 31 from Fountain School.

The shots were administered by three doctors, who in turn were assisted by county health nurses and volunteer aides.

## Garrett Co. PTA Holds Workshop

ACCIDENT—The Garrett County PTA Council conducted a workshop last evening in the Northern High School at the Cove.

Hostesses were Mrs. Melvin Kesner, Mrs. Russell Wright and Mrs. Lorenzo Helmick.

Mrs. Kermit Giotfely, president of the council, introduced the guests.

One of the features of the program was an inspiration roundtable on the value of the PTA in the schools.

After dinner the group was divided into eight workshop units for about 40 minutes of discussion. These units included program planning for learning and leadership, PTA budgets and money making projects, procedure and by-laws, Congress publications and the National PTA magazine and new presidents-nominating committee.

Two Allegany Counties participated in the workshop. They are Dr. Adam Baer of Frostburg and Mrs. Frances Shafferman of Cumberland.

## Vets Honor Keyser ROTC

KEYSER—Two citations will be made to the Potomac State College at a special review on the college football field today at 12:10 p. m. One of the citations will be made to the military unit and the other to an individual member of the ROTC. The name of the individual to be honored, will not be announced until just prior to the presentation.

Lt. Col. Gordon L. Beach, commander of the Potomac State College unit, was recently approached by representatives of the two local veterans units, Boyce-Houser Post, No. 41, American Legion, and Nancy Hanks Post, Veterans of Foreign Wars, each of which will present one of the two citations. The citation to the individual will be made for outstanding collegiate and ROTC ability as shown in practice at the college, and to the ROTC, as a body, for outstanding basic activities.

## Five Persons Injured In Road Mishaps

KEYSER — Two Cumberland women were admitted to Memorial Hospital early yesterday morning for X-rays and observation after the car in which they were passengers sideswiped two vehicles on West Virginia Route 28, near Short Cap.

Attaches identified them as Mrs. Helen J. Heffner, 25, of 214 Central Avenue, and Mrs. Juanita M. Liller, 28, of 17 Prospect Square. They were reported "resting comfortably."

The women were passengers in a car operated by Henry Wilbert Arrington, 22, of Ridgeley, who sideswiped a parked auto while proceeding north on the highway. The vehicle, according to West Virginia State Trooper Charles Oliver, then careened across the road and sideswiped another oncoming car before coming to a stop. No charges have been preferred pending a complete investigation.

The State Police Detachment here also investigated an accident which took place early Sunday morning at New Creek. Cpl. Frank H. Tribett said a vehicle operated by George W. McCarty, 25, of Keyser, left the highway in front of the New Creek post office while headed south, smashed into and broke off a utility pole, tore out a fence and knocked over a television antenna. The car traveled approximately 400 feet before stopping, Tribett said.

McCarty was treated at Potomac Valley Hospital, for an injury to his left shoulder. No charges have been preferred as yet.

The Keyser detachment was also called to investigate a truck-car collision which occurred Saturday night at the foot of Allegheny Front. Trooper Richard Long said a truck operated by Willard Lee Whetzel, 21, of New Creek, collided with a car operated by Boston Crites, 50, of Scherr, W. Va., while negotiating a curve.

Crites suffered lacerations of the head and hands and an eight-months-old child, who was a passenger in one of the vehicles, suffered a broken right leg. Attaches at Potomac Valley reported her in "good" condition yesterday morning.

Trooper Long said Whetzel will face a hazardous driving charge at a hearing tomorrow night before Justice of the Peace Madelyn Bazzle in Keyser.

## Southern Seniors Visit PSC Campus

KEYSER — A group of students in the graduating class at Southern High School, Oakland, visited the campus at Potomac State College Monday, as the first local area high school to take advantage of the college offer to entertain Seniors of area schools.

Other schools will visit the campus today, Wednesday and Thursday, and be escorted through the various college buildings and get a realistic view of the college activities.

Among the high school Senior Classes visiting the campus today will be Wardensville, Piedmont, LaSalle of Cumberland and Bruce High of Westernport. Others were invited and are expected to swell the visiting delegation each of the three days.

## Women's Work Group Meets Tonight

FROSTBURG — The Women's Work Group of the Church of the Brethren will meet this evening, at 7:30 o'clock in the church parsonage.

## PTA Meets Today

FROSTBURG — The executive committee of Eckhart PTA will meet this evening, at 8 o'clock, at the school. All members are urged to attend.

## Mineral County Selects Five To Golden Horseshoe Honor

KEYSER—Five students of the Eighth Grade of Mineral County Schools have won the right to participate in the Golden Horseshoe West Virginia History honors at Charleston on May 13, at the State Capitol in Charleston, with Gov. William Marland receiving the victors in the local county contest.

LT. ELIZABETH M. FAAS

## Recruiter Plans Frostburg Visit

FROSTBURG — Woman Marine 2d Lt. Elizabeth M. Faas, Arlington, Va., will be at Frostburg State Teachers College today to interview prospective women officer candidates who wish to join the Corps.

Commissions are granted after the completion of two six weeks classes, held during summer vacation at the Marine reservation in Quantico, Va.

Students may withdraw from the classes, without obligation, any time prior to being commissioned. After commissioning, the new officer agrees to remain on active duty for two years.

Dean Ivan C. Diehl said that Lt. Faas had informed him that she would visit Frostburg today and students interested in the Marine program may get more information at his office.

## Mt. Savage Personals

Mrs. Jessie Meanyhan has returned after visiting her son-in-law and daughter, Mr. and Mrs. William Pollock, and her son-in-law, Cletus Brailer, who is a patient at South Baltimore General Hospital, Baltimore.

Mr. and Mrs. Carl Denniser and Mrs. Mollie Riggelman are guests of Mr. and Mrs. James Snyder, Cleveland.

Cletus Brailer, who has been a patient for several weeks at South Baltimore General Hospital is reported improving.

## Frostburg College Teacher Is Awarded Science Fellowship

FROSTBURG—Lowell Sowers, a member of the faculty of Frostburg State Teachers College, has been awarded one of the General Electric science fellowships for teachers by Union College at Schenectady, N. Y. He will attend the college from July 3 through August 12.

Only 50 fellowships are awarded each year to experienced college and secondary school teachers of science who expect to remain in the teaching profession. A program of study devised exclusively for science is presented by the faculty of Union College in cooperation with the staff of the General Electric Company.

Sowers plans to take the course, "Topics in Modern Physics and Chemistry."

## Visits Grandmother

LONA CONING — Mr. and Mrs. Thomas Junior Wilson and son, Jerry Lee, visited at the home of his grandmother, Mrs. James Robertson, Gills Hill, Lonaconing, over the weekend enroute to Pontiac, Mich., where they will reside. Wilson recently was discharged from the U. S. Navy after returning from the Pacific area.

**ORDER OF PUBLICATION**  
The object of this suit is to procure a decree of annulment for the Plaintiff, Marlene S. Miller, and against the Defendant, Thomas James Miller, who is a non-resident of the State of Maryland.

**83—Display Classified**  
**The bill states that on June 23, 1952, Thomas James Miller, also known as James Thomas Miller, was married to Marlene S. Miller, at Cumberland, Allegany County, Maryland; that the parties lived together until October 1953, when Thomas James Miller abandoned and deserted the said Plaintiff, without just cause or reason; that one son was born of said marriage, viz., Jeffrey Alan Miller, the 3rd on record, on February 1953, at Uniontown, Fayette County, Pennsylvania; that subsequent to the date of said marriage, Plaintiff, Marlene S. Miller, discovered that her marriage to the Defendant, the said Thomas James Miller, was bigamous, and that she was, in fact, married to the father of a child at the time of his marriage to the Plaintiff, Marlene S. Miller; that at the time of the marriage the Plaintiff had no knowledge of her husband being at that time married with a wife in California.**

**84—Display Classified**  
**It is thereupon this 16th day of April, 1955, ordered by the Circuit Court for Allegany County, Maryland, sitting in equity, that the Plaintiff cause a copy of this order to be inserted in some newspaper published in Allegany County, Maryland, once a week for four successive weeks before the 18th day of May, 1955, giving notice to the said Thomas James Miller, of the object and substance of this bill of annulment, and warning him to be and appear in this Court in person, or by solicitor, on or before the 3rd day of June, 1955, to show cause, if any he may have, why a decree ought not to be passed as prayed.**

## Kimble Pledges Speed In Probe Of State Unit

Receives Visit From Labor Bureau Attorney

BALTIMORE, April 25 (AP)—Robert B. Kimble took over today as head of the Maryland Department of Employment Security and within an hour had started a study of alleged irregularities in the State agency.

Shortly after the former Allegany County Republican state senator got to his new office this morning, he was visited by Ernest Votaw, an attorney attached to the Philadelphia regional office of the U.S. Labor Department's Bureau of Employment Security.

That agency has requested a report on alleged "padding" of the State agency's Cumberland office with unnecessary workers.

Salaries of the 850 employees of the Maryland department are paid by the federal government.

### Has Waxing Report

Kimble said Votaw visited the office to pay his respects and the requested report was not discussed.

However, Kimble added, he has on his desk a report on a floor-waxing contract awarded a firm with which the Employment Security Board's legal counsel is associated and a report on an alleged Towson real estate deal involving ESB officials.

Kimble said he intends to devote his full time to the \$10,000-a-year job to which he was appointed by Gov. McKeldin.

As Kimble began his investigation of the department's procedures, as McKeldin directed him two weeks ago, State Sen. Louis L. Goldstein (D-Calvert) said the Legislative Council also will give the ESB top priority.

The Council, between-sessions investigating arm of the General Assembly, will hold its first 1955 meeting in Baltimore Thursday night.

Goldstein, who as Senate president heads the council, said the agency will consult with Kimble on how laws governing the ESB might be tightened. Kimble takes over as head of the ESB after 21 years in the Senate.

The Senate president said he felt the ESB study should be one of the first items considered by the Council because of newspaper reports that:

1. The Cumberland office staff of the ESB was padded with seven unnecessary employees.

2. A sedan purchased for \$1,975 by the agency in 1949 was traded in last September on a valuation of only \$125.

3. A \$13,380 contract for waxing floors at ESB headquarters had been awarded to a new company in which a lawyer serving the department was a partner.

4. William E. Mahaney, administrator of the department, and two other employment security officials had made a \$2,500 personal profit on a real estate deal involving construction of a new department building in Towson.

5. About \$6,000 from a special administrative fund had been written off for travel and luncheons by top department officials who also maintained separate expense accounts.

6. Unemployment compensation benefits had been paid to some Hagerstown aircraft workers who were actually on vacation.

### Pledges Best Efforts

In taking over the chairmanship of a board which controls "a department that affects economically more people than any other State agency," Kimble said he is "well aware of the many complex problems which exist as a result of the revelations in the press."

"I am going to do my very best," he said. "I shall suggest to my colleagues that we conduct our study with as much haste as possible so that all employees of the department innocent of any wrongdoing can be vindicated, and so that any of the alleged irregularities or instances of improper administration or weakness in the operation of the department can be corrected."

"I will work to that end so that the confidence of the governor and the people can be placed in the department without any reservation."

### Blue Ridge Bus Drivers Vote Strike May 2

PITTSBURGH, April 25 (AP)—Union officials said today a strike has been authorized by 160 drivers on the interstate Blue Ridge Bus line.

The drivers, who now earn \$1.71 an hour, turned down a management offer of a two-cent hourly wage hike with no change in working conditions.

They are members of Division 1063, AFL Street, Electric Railway and Motor Coach Employees.

Blue Ridge serves Pennsylvania, West Virginia and Maryland. The current contract with the union has been extended past its Saturday expiration date to May 2.

### Organist Expects Hospital Release

Peter Schumacher, 605 Lincoln Street, organist at St. Peter and Paul Catholic Church, who has been a patient in Memorial Hospital since March 1, is expected to be discharged this week and will convalesce at his home. He teaches private music lessons in Cumberland and at Hyndman.

## Gov. McKeldin Signs Voting Machine Bill

Strip Mining Check Also Is Approved

By HERB THOMPSON

BALTIMORE, April 25 (AP)—Gov. McKeldin tonight signed a bill requiring the use of voting machines throughout Maryland by 1956 and called it "a truly important advance in the march of popular sovereignty in Maryland."

"It means that every political subdivision in Maryland will be on equal basis in the tallying and recording of votes during and after the important general election of next year," the governor said.

"It means that much of the doubt that has been cast in the past on elections in the state and its civil divisions will be eliminated in the future."

"It means that the long delayed completion of ballot count in some areas will be no more."

"In short, it means cleaner, more expeditious and more efficient elections throughout Maryland."

"I was happy indeed to make this bill a law with my signature."

The voting machine bill was one of 158 bills from the recent General Assembly which the governor penned at his Baltimore office along with Senate President Goldstein (D-Calvert) and House Speaker Luber (D-Balto 4th).

Among others were bills which: Substitute the gas chamber for the gallows as a means of executing criminals in Maryland, effective June 1, 1956.

Provide income tax deductions of \$600 for fees working mothers pay to have someone take care of their children.

Permit state income tax deductions in excess of 3 per cent of gross income totaling up to \$2,500 for married couples and \$1,250 for single persons.

Revise state adoption laws and prohibit any non-licensed persons such as doctors, lawyers or ministers from assisting in adoptions in Baltimore City.

Provide two senatorial scholarships in each county and Baltimore legislative district to Peabody Institute of Music.

Provide a one-cent tobacco tax in Garrett County to be used for supplementing teacher salaries and building schools.

Provide for a referendum in Garrett County on a liquor dispensary system.

Require Western Maryland strip mine operators to cover up pits and plants where they have mined.

And grant "ham" radio operators special license plates. The governor vetoed a similar bill last year but said tonight: "I have vetoed it for the last time." Sponsors had said it was important to the state's civil defense program to have the radio operators readily admitted to emergency areas.

The voting machine bill signed by McKeldin tonight originally would have required use of the machines by the 1958 primary. This date was changed to November, 1956, however, after legislators decided it would be better to have them used in an "off-year" election.

About a third of Maryland's 23 counties are still without them, including Allegany, Garrett and Frederick.

## Liquor Board Issues New Licenses

Judge Capper Gives Warning

The Court House was a busy place yesterday morning as some 101 beer, wine and liquor permits were issued by the Allegany County Board of Alcoholic Beverage License Commissioners.

Walter C. Capper, chairman of the board, reminded applicants to use caution in preventing alcoholic beverages from being sold to minors.

He outlined that it is unlawful to sell to minors and if there is any doubt as to their age, a check should be made before a person is sold alcoholic beverages.

Capper also warned them of minors loitering or loitering on the premises. He also told the applicants not to sell alcoholic beverages to persons who appear to be in an intoxicated condition.

There were no applications turned down yesterday by the board. During the afternoon some 20 beer and wine licenses were approved and issued.

This morning, beginning at 9:30 o'clock beer licenses will be issued and those applicants who failed to appear before the board yesterday must be at the Court House today.

Of the 328 licenses now in effect in Allegany County, only 289 of the holders have applied for renewal. The new licenses become effective May 1.

## Judge Resumes Case Saturday On Injunction

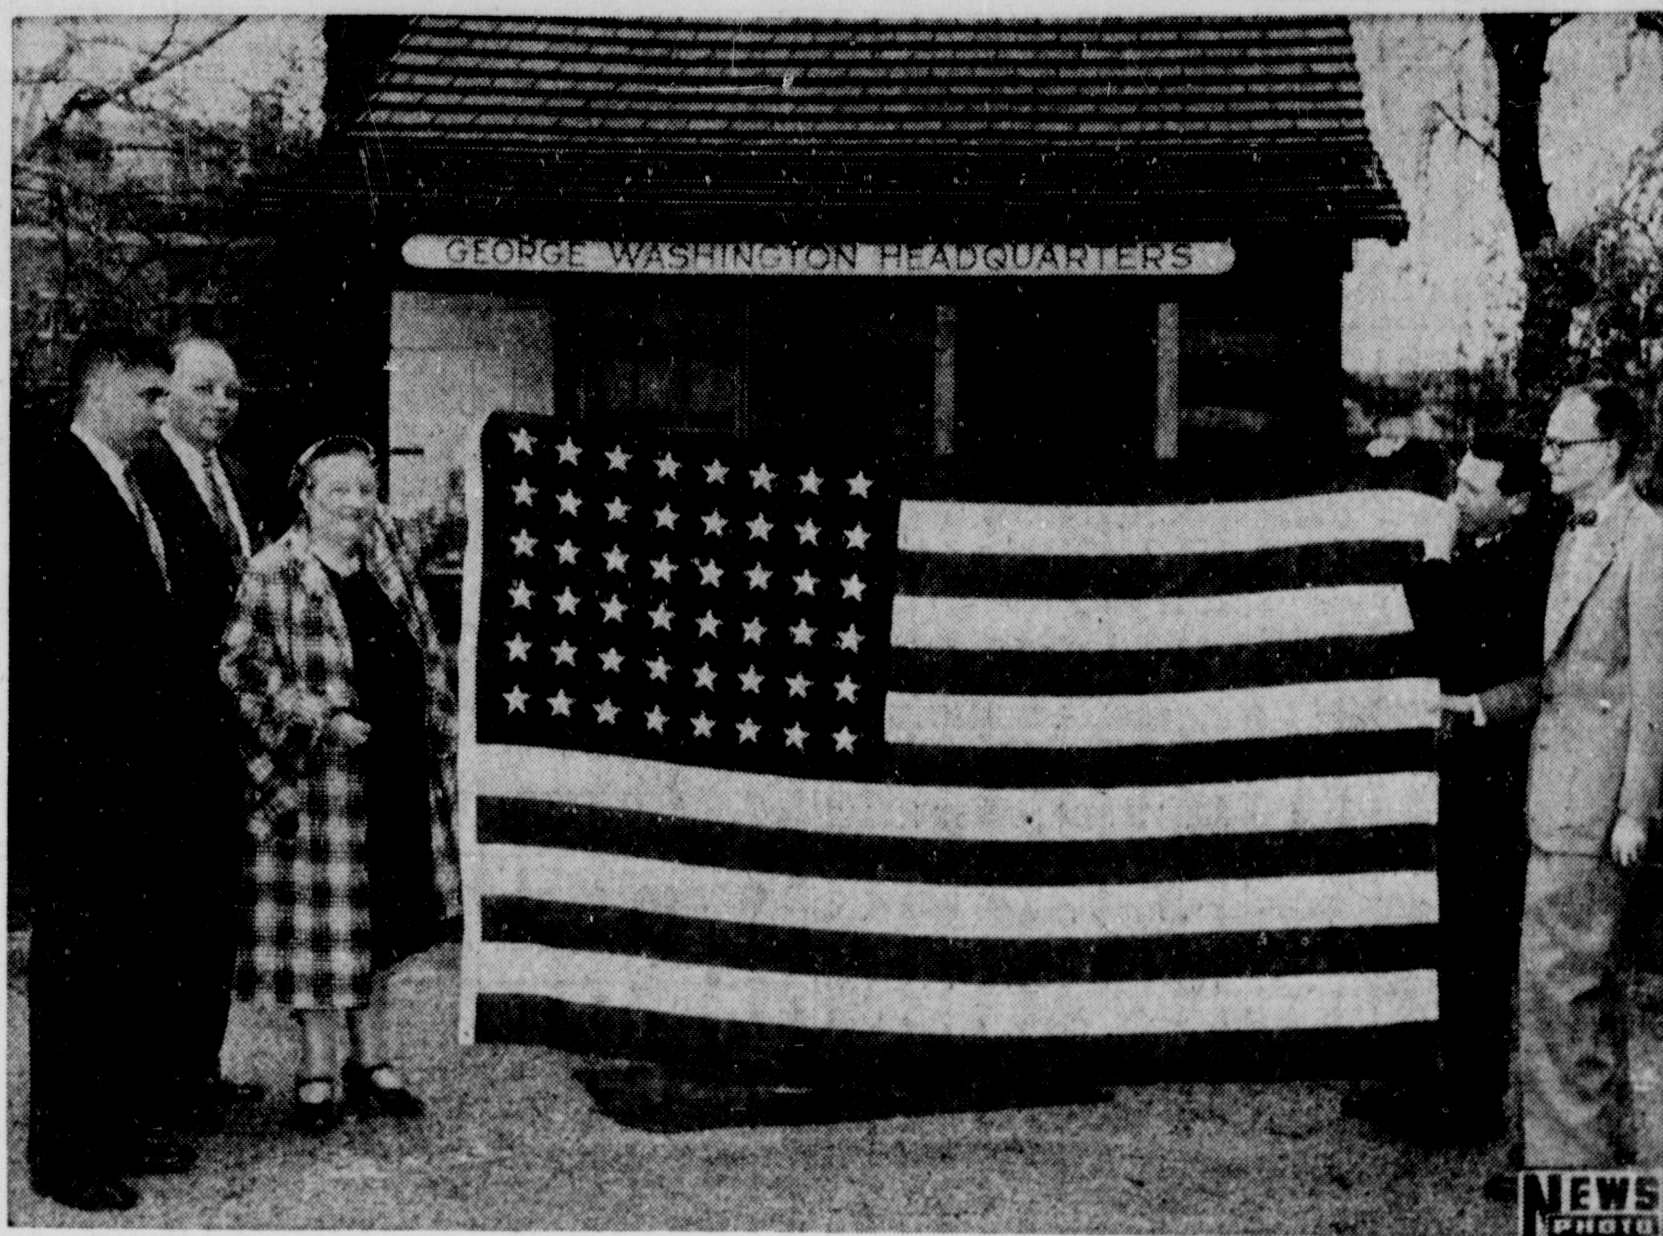

An Allegany County Circuit Court hearing on an injunction sought by a group of LaVale residents against Abe Feldstein, in connection with a junk yard in that area, got underway yesterday morning. After being recessed yesterday afternoon it will be resumed Saturday morning.

Yesterday the plaintiffs' case was completed as 15 witnesses were heard. On Saturday the defendant and about six witnesses will be called upon to testify in the hearing before Chief Judge George Henderson.

Feldstein is operator of the Feldstein Iron and Metal Company. The injunction proceedings were brought in the name of Raymond L. Kammauf and Anne C. Kammauf and Gerald L. Barb and Alpha M. Barb against Feldstein.

The defendant operates a junk yard in LaVale in the area to the rear of the fire hall of the community. Property owners of that section and also of Braddock Farms complain the yard is a nuisance and affects the value of the property.

Gerald L. Barb was the first witness for the complainants yesterday. (Continued on Page 6, Col. 5)

## To Fly During Bicentennial

Officials of the Maryland Council of Chambers of Commerce yesterday presented to the City of Cumberland an American flag which will fly over George Washington's military headquarters during the Fort Cumberland Bicentennial Year. Participating in the presentation ceremony are John Mauro, of the Pittsburgh

Chamber; Joseph Clautice, secretary of the Baltimore Association of Commerce; Mrs. Marguerite Findlay, member of the City Park Board, who accepted the flag; Charles H. Kopeland, president-elect, and Anthony Saell, city, who yesterday completed a term as president of the council.

## Half Million Pounds Surplus Food Used Here

Distribution To Date Worth \$193,227.60

During the 11 months that surplus food commodities have been distributed in Allegany County, almost half a million pounds of food, valued at \$193,227.60 has been given away.

J. Walker Chapman, county roads supervisor, who is charged with the distribution each month, has compiled complete records of the distribution and can show where each item went.

The cost of this distribution, defrayed by the Board of Allegany County Commissioners through the Roads Department budget, has been a total of \$13,638.47.

March Highest

The largest number of individuals to receive surplus foods was in March when recipients numbered 11,943. This month, the number dropped to 11,055 and for May, the number registered totals 3,277 families or 10,915 individuals.

During the 11 months of operation, the commodities distributed include 121,024 pounds of butter valued at \$72,614.80; a total of 101,580 pounds of cheese valued at \$60,984; plus 120,150 pounds dried milk worth \$30,037.50; and 45,359 pounds of shortening worth \$13,607.70. In addition, a total of 80,100 pounds of meat and gravy worth \$16,020 was distributed but this item is no longer available.

The cost of the program, Chapman reports, is divided as follows over the past 11 months: printing of forms, \$604.74; use of trucks and equipment \$440.45; labor, \$6,279.45; storage, \$5,248.18; stamps, stationery etc., \$65.55; and supervision \$1,000. This makes the total of \$13,638.37 cost to the county, part of which is included in the Roads Budget as fixed items.

3,274 Families Aided

During the April distribution, Chapman's records show that 3,274 families of 11,055 people received 7,020 pounds of butter; 10,489 pounds of cheese; 13,219 pounds of dried milk and 9,856 pounds of shortening.

Cumberland was the largest single recipient. Here on the two days of distribution, 1,444 families of 5,239 persons received 3,021 pounds of butter; 4,223 pounds of cheese, 5,404 pounds of milk and 4,329 pounds of shortening.

Frostburg has the second highest demand with 437 families of 1,567 individuals receiving 968 pounds of butter, 1,598 pounds of cheese, 2,330 pounds of milk and 1,311 pounds of shortening.

## City Officials Must Sign 2,400 Bonds This Week

Bonds representing \$2,400,000 were delivered to the City of Cumberland yesterday afternoon.

The securities, 2,400 of them, were engraved by the Security Bank Note Company, Philadelphia, through the Ankeney Company here.

Arthur B. Gibson, city auditor, was busy all afternoon checking the maturity dates, interest and attached coupons on the \$1,000 bonds.

They include \$2,000,000 of Cumberland Sewage Disposal Plant bonds and \$400,000 of Flood Protection Bonds of 1949, which were sold to the Mercantile Safe Deposit and Trust Company, Baltimore, on April 5 for an average interest rate of 2.522.

The Baltimore firm was one of eight bidders on the issue—the biggest sold at one time in the history of Cumberland. These eight firms represented 41 firms, plus associates who were not named on the bidding forms.

Each of the bonds must be signed by Mayor Roy W. Eves and City Clerk Wallace G. Ullery.

Mayor Eves said yesterday he plans to start signing the documents tomorrow morning.

## Weather

Sunday night's fierce electrical storm settled into a steady, all-day drizzle yesterday as 1.50 inches of water fell on the tri-state area. Cumberland experienced moderate temperatures throughout the day with a high of 54 and a low of 49 degrees recorded at the weather station in Constitution Park. The mercury registered 51 degrees at 8 o'clock last night and the humidity was 100 per cent. A slight rise in the Potomac River and Wills Creek was noted in the 24-hour period. Today's forecast is partly cloudy with slightly rising temperatures.

Meanwhile, it is reported that members of at least 12 of the Jaycee chapters have made reservations to attend the convention. They include Annapolis, Baltimore, Bethesda, Cambridge, Frederick, Hagerstown, Kensington-Wheaton, Pocomoke City, Prince George's, Salisbury and Silver Spring as well as Cumberland.

Local Jaycees who have not yet obtained their convention tickets are urged to get them from Miles S. Amick, reservation chairman, by tomorrow.

## Optimists To Hear About Violations

"Foolish Violations of Motor Vehicle Laws in Western Maryland" will be discussed by Lt. W. Elwood O'Hara, commander of the LaVale State Police barracks, at the meeting of the Cumberland Optimist Club at 6:15 p.m. tomorrow at Central YMCA.

Lt. O'Hara will show illustrations of the vehicles after such violations caused accidents.

## Church Will Show Film About Bible

A large handwritten manuscript of the Bible will be shown in the film, "Where The Bible Speaks," which will be shown at 8 o'clock Sunday night at the First Christian Church.

This old Hebrew manuscript, containing the first five books of the Old Testament, was purchased by Rev. E. L. Whisler, producer of the film, while he was making shots for the picture in Palestine.

The beautiful colored movie portrays the beginning of the church in Jerusalem, the history of the movement in America and the work of the church today. Rev. Carl Johnson Jr., pastor of the church, said that all who see the film will be much better acquainted with the beliefs and work of the church.

## Chest Agencies Will Register For Foods

Two Community Chest agencies will take applications next week for surplus foods to be distributed during June.

The Associated Charities will take applications from its office in City Hall next Monday, Tuesday and Wednesday.

The Salvation Army will take applications at the Citadel, 115 North Mechanic Street, next Monday through Friday.

## Possibly Rabid Fox Is Killed Near Paw Paw

Residents Are Urged "To Have Gun Handy"

The shooting of a possibly rabid fox after it attacked a Cumberland couple over the weekend brought a fresh warning from authorities for residents of the Oldtown area to be on their guard against the menace.

Joseph A. Minke, regional game warden, urged residents of the area running from Paw Paw to Oldtown to "have a gun handy" in case a rabies-crazed animal attacks.

Minke plans to take to Hagerstown for laboratory analysis the head of the fox he said attacked Mr. and Mrs. Ruben W. Brown, 108 Laing Avenue, Saturday as they were working on their farm near Paw Paw.

The game official said he was told the local couple were working when the fox came out of the brush to attack them. Brown managed to fend off the attacks of the fox until his wife secured a gun.

Minke said the animal seemed to be in the late stages of the disease, and added he is fairly sure it is suffering from rabies, as were three other foxes which have been killed in that area since cold weather.

Minke warned that the crazed animals can attack farm stock and that farmers should be on their guard against such attacks.

He said reports of dogs running at large in that area also constitutes a menace.

Authorities believe the disease was carried to this area from nearby West Virginia, where it has been a problem for several years, when animals crossed the Potomac River on the ice during the winter.

The Game and Inland Fish Commission has been fighting the spread of the disease in Maryland by a vigorous fox trapping program.

Since the rabies was found in this area, the Health Department recommended that antirabies vaccine be given to two persons who were bitten by a dog which was suspected to be rabid.

## Police Investigating Hit-Skip Auto Mishaps

City Police are investigating a pair of hit-and run automobile accidents which occurred yesterday.

Edward McGraw, 312 Cumberland Street, reported his car, which was parked in front of his home, was struck and damaged by a passing vehicle about 11:30 a.m. The driver of the automobile did not stop, McGraw told police.

Officer Kenneth Morrissey investigated a two-car collision about 5 p.m. on Johnson Street at the foot of Blue Bridge.

Robert L. Myers, 58 Knobley Street, Ridgeley, reported his car and another collided as he was driving across the bridge from Ridgeley. While he was calling police from a nearby store, he reported, the operator of the other vehicle drove away.

Myers said his car was damaged to the extent of \$100.

## Dale Carnegie Clubs Meet On Thursday

Members of Allegany Chapter, Dale Carnegie Club International, will meet at 7:30 p.m. Thursday in the George Williams Room of Central YMCA, according to John Vocke, president of the local unit.

## Vandalism Checked

City police are checking reports that young boys have been throwing rocks and breaking windows in a vacant house at 230 Mary Street.

## Silver Spring Man Will Head C Of C Council

Flag Presented For Washington's Cabin

Charles H. Kopeland, Silver Spring, was elected president of the Maryland Council of Chambers of Commerce at the annual meeting held here yesterday.

Kopeland is secretary of the Silver Spring Chamber of Commerce, secretary of Trade, a director of the Southern Association of Chamber of Commerce Executives and one of the organizers of the Maryland Council, which he has served as secretary-treasurer and first vice president.

Other officers, named at the meeting in the Fort Cumberland Hotel, are:

Harold M. Porter, Hagerstown, first vice president; Ralph W. Baxter, Rockville, second vice president, and W. S. Hamill, Baltimore, secretary-treasurer.

Anthony Saell, manager of the Cumberland Chamber and retiring president of the Maryland Council, was named to the Board of Directors. Others are Willard C. Uhler, Hampstead; Harry A. Boswell Jr., Prince Georges County, and J. Porter Matthews, Easton.

Saell, who served as chairman of the meeting, said the Council will meet in Ocean City in July, Rockville in October, Frederick in January and at Friendship Airport, Baltimore, next April.

The meeting opened yesterday morning with a forum conducted by James F. Steiner, urban specialist for the U. S. Chamber of Commerce.

The discussion included suggestions for guiding community growth into desirable channels, plans for preserving downtown values and the roles of the Chamber of Commerce, city officials and business leaders in urban development.

After the morning session, the some 35 Chamber of Commerce delegates visited the site of Fort Cumberland and George Washington's military headquarters in Riverside Park.

While at Washington's cabin, the Chamber executives presented an American flag to Mrs. Marguerite Findlay, Park Board member, for the City of Cumberland.

Presents American Flag

Mrs. Findlay said the flag will be flown at the famous cabin all during the Fort Cumberland Bicentennial Year.

Mayor Roy W. Eves extended the greetings of the City of Cumberland at a luncheon meeting, and Lynn C. Lashley, president, brought the greetings of the Cumberland Chamber of Commerce.

At the afternoon session, John Mauro and Stanley Vale, of the Pittsburgh Chamber of Commerce, showed what that industrial center has done to rebuild for the future.

They described that city's smoke and flood control programs, followed by a \$2 billion rebuilding program for civic redevelopment.

The rebuilding, they said, began with the demolition of one-fourth of Pittsburgh's downtown area, which is being replaced by a shining new city of modern buildings, parks, garages, airports and civic centers.

Another \$1 billion is being poured into the program by businesses and industries of the district, they reported.

## First Phase Of Polio Plan To End Today

The Allegany County Health Department will wind up the first phase of its historic polio inoculation program today.

Dr. Winter R. Frantz, county health officer, said the last first and second graders will receive their first shot of Salk polio vaccine today at the Health Department and at centers set up at Flintstone and Oldtown Schools.

Shots were given to 820 children yesterday in three inoculation centers.

At the Health Department, 154 children from St. Peter and Paul School were given first shots. At Mt. Savage School, a total of 221 children from Corriganville, Ellerslie, Mt. Savage and Mt. Savage parochial school were given vaccine, and at Beall Elementary School, 445 youngsters from the Frostburg area.

The Frostburg center yesterday completed two days' work in one after needles used in the morning were autoclaved at Miners Hospital.

Over 3,200 children had received their first shots by late afternoon. Dr. Frantz said tentative plans call for giving the second shot beginning May 17.
